HIGH SCHOOL *officially* DEDICATED

Official Dedication of the new Lakeview High School was held last Sunday, January 10, in the High School's cafetorium, with open house tours beginning at 12 noon. The ceremonies began at two o'clock and went on for about an hour, after which more tours were conducted.

The Dedication began with the Invocation, followed by the LHS band playing a "Welsh Rhapsody." Important guests were then introduced, which included the Lakeview Board of Education, representatives from the schools at Reed City, Vestaburg, Big Rapids, Montabella, and Greenville, and the building, plumbing, and electrical contractors. The keys were then presented by a representative of Louis King-scott, Mr. Sorensen, to Mr. George Stout, President of the Board of Education.

Dr. Edelbert G. Rogers of Flint, who made a hit here as a Commencement speaker in 1966, was the guest speaker at the pro-con't. pg. 3

Fri. Jan. 15 -BB here with Saranac at 7:00
Dance after the game
Sat. Jan. 16-BB at Greenville at 6:30
Mon. Jan. 18 -9th BB at Portland at 7:00
7th and 8th here with Morley at 6:30
Tues. Jan. 19-Math-Sci at 3:30

UWS.

A group from Mt. Pleasant presented a play for the United We Stand club in the cafetorium. The play was about a sorcerer who went to the Holy City to make ready for the birth of Christ. When he arrived he planned festivities for the child's birth. This was to symbolize how commercialized Christmas has become.

SENIORS
ATTEND
GOVERNMENT DAY

January 7, approximately 500 Seniors and a few selected Juniors from Lakeview, Central Montcalm, Montabella, Carson City Crystal, Cedar Lake, and Vestaburg attended Government Day. The opening session started at 9:30 at Central Montcalm High School. Colonel Parise acted as Moderator. Mr. Leslie Morford, professor at MCC, gave the welcoming address and a student from Vestaburg gave the Student Key-note speech. Then, the panel members were introduced. At 10:00 students moved to MCC where the discussions, one in the morning and one in the afternoon, were to be held. Prior to Government Day, they had been assigned to the sessions they were to attend.

The lunch hour was in between the sessions. Students brought packed lunches but, the panel members and chaperones were served lunch in MCC's library. During the noon-hour, two movies were shown and a dance was held.

After the afternoon discussions, the students

EDITORIAL: AND

What of the Lawn?

Have you ever noticed the nice lawn we have woutside our school? In the spring this is really going to make our school more attractive than it already is. Don't you think that we should keep it clean? Lately when I have been out around the school I have noticed a great deal of pop cans lying in the grass. Is it too much trouble to throw these pop cans away? The Ecology class spent a lot of time on fixing trash cans to deposit pop cans and other wastes in. Why don't the students of L.H.S. use them? We are very fortunate to have a pop machine in our school. Part of the deal that went along with this machine was not leaving the cans lying around. It wouldn't take very long for this machine to be taken out. If we can't start to throw our cans in the trash cans, this is what's going to happen. Let's see if we can get them picked up before snow flies, so we can have visitors who came to our school say that the students of L.H.S. are proud of their school; and it shows by the way it looks.

STRANGE CREATURES IN THE

The cold season is upon us. By this I mean that coughs, sneezes, and runny noses are plaguing many people in this school.

A statement in the Biology Lab Manual says "Coughing and sneezing may spread droplets of materials from 3 meters or more." These droplets contain dormant bacteria. Luckily for us, most of the dormant microbes in the air are not disease organisms.

If you are wondering about all scientific lingo, the Biology students have been conducting an experiment on microorganisms found in the air.

The students received some very weird looks from students and teachers when they came barging into classrooms with petri dishes filled with nutrient agar. After explaining to the teacher that this was conducting an experiment, the Biology student took the cover off the petri dish to expose it to the air for six minutes. Returning to the Biology lab, after a long six minute wait, the student placed the petri dish upside down in the incubator.

Several days later, the class examined the petri dishes only to find that the petri dish that was exposed in the Algebra room contained the largest numbers of molds and bacteria. A contrary fact was learned when the students counted no mold or bacteria colonies on the petri dish exposed in the Chemistry lab or the dish that was touched to the candy machine knob. It was also found that the

IVARSITY

(B8)

The Wildcat went to Carson City to make up a game missed due to snow vacation. The cats kept their winnin' streak, beatin' the Eagles 59-45.

Kelvin Lutterlon was our high point man for the evening with fifteen points.

Little Cats Play Ball

The ninth grade team played a tough game but not quite tough enough to overcome the Saranac Redskins, losing by the score of 47-37.

Steve Farrell was high point man for the night with 15, teammate Danny Scott tailed 7.

Coch Jonaitis commented "Our inability to penetrate Saranac's zone defense and our poor shooting percentage both from the floor and at the line speeded our doom. We have to learn to move more on offense so as to get better shots."

Buy your Annual!

By the end of this school year you are going to have a lot of great memories of the year '70-'71, so buy a yearbook to keep these memories alive. This year it will cost five dollars and will contain two pages of colored pictures. Buy your yearbook now!!!!

"Oliver" cont. from pg. 1

"Oliver" will be presented to the public on April 29th and 30th. Curtain time will be 8:00 p.m. There will also be 2 performances Saturday, i.e., 1st, a matinee performance at 1:00 p.m. and an evening performance at 8:00 p.m.

Feature cont. from pg. 2
patri dish exposed in the French room contained the second highest number of colonies of microorganisms.

In determining the results of this experiment the Lab Manual asked this question, "What explanation can you suggest for the high microbe population in this location." After racking in my brains several minutes, I concluded that Mr. Wood's Algebra room is the scene of much activity during the day. This occurred when the many students migrate to the blackboard every hour creating many air currents. In scientific terms this means, the more people in a room present, the more microorganisms that will be present in the air.

When the opposite question was asked, "What explanation can you give to account for the low population of microbes in this location?" I reasoned that Mr. Damschroder is known for keeping his Chemistry Lab very clean. It also is used by a very clean class! Therefore, beware of the creatures in the school air!

MJF

SR's See

The Senior government classes went to the town hall to learn how to operate the voting machine. This machine was explained to them by Charles Keller. A few of the Seniors were fortunate enough to get to operate this machine. This was a very educational hour for them because someday they will have to operate this machine.

MATH-SCIENCE MEETS

Interested members in the math-science field met Tuesday after school. The topic of conversation was pollution, defiling our world. The four main categories were the spaceship-earth, troubled waters, eutrophication, and trace elements in air and water. After the lecture, Jeopardy was played by everyone. A typical question was, "What is the life support system which extends as high as the birds fly to the ocean floor?" Answer: Biosphere Man is dependent on the vulnerable resources of the air and soil.

Gov. Day con't. from pg. 1 moved back to Central Montcalm for the closing session. The secretary of each group presented the question and answer voted most important by the students in one of the discussions. Then the Honorable D. Hale Brake gave the closing speech and the students were excused at 2:30 to return to their schools.

School Ded. con't. of cm. p. 1 gram. The High School Choir, under the direction of Mr. E. Coon, then sang "The Impossible Dream" from "Man of La Mancha."

CATS!

Let's have a victory over Greenville!! (again)

Hobby or Pastime: Art
Fav. Place: Marcia's Living Room.
Pet Peeve: People who think they're too good for other's
Future Plans: CMU Major in English or science, hope to be a teacher.
Most Cherished Possession: My purple tie!

Name: Jerry Barnard
Birth Date: July 6, 1953
Fav. Personality: Lassie
Hobby or Pastime: Sherryl
Fav. Place: Gravel Pit
Pet Peeve: Swearing
Future Plans: Job, Marriage Kids.
Most Cherished Possession: Baseball glove with its Al Kaline autograph.

The Lakeview 9th grade basketball team, coached by Mr. Jonaitis, came home Thurs., Jan. 7th, with a victory over Central Mont-calm, winning 53-43. The game was won in the last quarter when the 'little Cats' hit on 14 of 18 free throws to put it away. Gordy Olsen hit 6 for 6 in con't next col.

New Year's Day has passed and Dan Kinsey has returned from Pasadena. He left us on December 29, 1970, going by plane from Grand Rapids to Chicago and from Chicago to Los Angeles. U.C.L.A. was his home away from home for his four-day stay in California. The first day there was spent getting reacquainted with the other members of the McDonald All-American Band. The band members arose at 5:30 the next morning to allow much time for practice. The band competition was taped that day with a tour of Los Angeles that night. The next day, December 31, the band went to Disneyland where they marched in a "short" one-mile parade. At last the big day arrived. The band members were up at 4:30 in the morning, January 1, 1971. This was the day of the Rose Bowl Parade in which the band marched $5\frac{1}{2}$ miles. This was the last day of Dan's active participation in the McDonald All-American Band. He left Los Angeles at 11:00 that night for Chicago. From there he was flown to Milwaukee, Muskegon, and at last to Grand Rapids. He arrived home about 8:00 Tuesday morning.

9th Grade Basketball con't from last col. the last quarter at the line. Steve Farrell hit on 45% of his shots, making high-point man with 25 pts. Comment was made by Coach Jonaitis: "The boys showed a lot more hustle than in previous games and this is what won it for us."

D.A.R. AWARD ANNOUNCED..

Betsy Shaw has been chosen as the recipient of the good citizen award presented by the Daughters of the American Revolution. The seniors in their first class meeting voted for the senior girl which they felt most deserved to be recognized for her dependability, service, leadership, and patriotism as specified by the D.A.R. As recipient of the D.A.R., Betsy receives a pin and certificate and is eligible to compete for the state D.A.R. award.

Betsy has attended Lakeview schools for 8 years. She is presently treasurer of her senior class and president of the French Club. She has actively participated in such school activities as operetta, paper staff, FBLA, FTA, student council, and is an avid spectator of football and basketball.

After graduation, Betsy is going to Central Michigan University where she plans to major in teaching. She hopes to join Vista or the Peace Corps after receiving her bachelors degree from C.M.U.

SENIORS MEET

Last Thursday the senior class managed to skip fifth hour and have a class meeting supervised by Mr. Hansen and Mrs. Stephan. President Larry Goulet called the meeting to order con't. pg. 4

SILENCE BROKEN

Everyone bounded up from their chairs, startled, when a loud explosion reverberated through the hushed library, first hour Wednesday, as one of the small bookcases fell over onto Linda Towne's back! As Linda cried out in pain, because not only was a bookcase leaning against her back, but she was pinned to the table, a worried Mrs. Kos rushed to the scene to investigate the damage. Luckily, the bookcase was not chipped. As the matter was further investigated, it was found that the accident occurred as Jerry Kirshman, 195 lb. senior, leaned against the bookcase. Since it was done accidentally (?), Jerry was not penalized.

When asked the extent of her injuries, Linda said that they were minor--only a bruised back and a headache resulted. She also went on to issue this warning to her fellow students, "When in doubt--move!"

Mrs. Kos conferred with Don Jensen to discern how further such occurrences could be avoided. The bookcases could be bolted down by boring a hole through the bookcase, the con't. pg. 4

AYOOD GLORIOUSAYOOD

FEATURE STORY

Are the ninth grade Home Economics proving the boast of their teacher, Miss Freeland? A few weeks ago she told them that they would be the best cooks in Lakeview High School. How far have they come? Last Tuesday was "beverage" day--and because some of the recipes made much more than the students could drink. They requested that teachers sample the extra juices.

Upon being offered a cup of steaming Hot Chocolate. Miss O'Connor asked, "What's in it?" Miss Hooper said, "It's good. How did you make it? Where are the marshmallows?" After being given a tall glass of "Raspberry Shrub", Mrs. Ferris commented, "It was delicious. I love raspberries. Good to the last drop!"

Mr. Wood and his second hour students had several comments to make--After a pitcher of "Sparkle Punch" was taken to the room. Greg Bunce--"If I'd have known about this, I would have brought my stomach pump from home. "It sticks to your ribs." Larry Goulet--"Bring me some!" Dan Comden--"Any volunteers?" Mr. Wood also was served "Mexican Chocolate" during first hour. He Con't. on Pg. 4

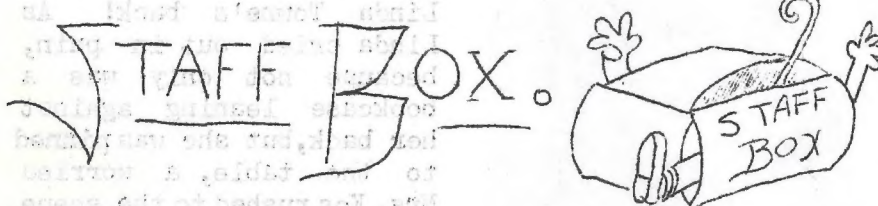

"TRAPPED!"

It's that time of year again when all of a sudden people start staying in bed saying that they have got the "Bug"... and some actually do. For those who do have it, the following story is an explanation of how they probably got it, and what will happen to it after it has gone.

One night, the bedroom window of victim A was left open. A little virus, Bill Bacillus, fluttered in and waited for A to go to sleep and start snoring. Then he called some of his buddies and they all jumped into A's mouth and started their dirty work. First, they went into the bloodstream and started giving speeches to the white corpuscles, getting them riled up because they do a lot of the work (since they are a minority). So some of the white corpuscles pack up and go south for the winter.

Then the viruses picked out a spot in a vein near the brain and congregated there, making the blood Con't. next week

SPORTS WITH AL, DAVE, and RIM.

CATS PLAY
SARANAC

The Lakeview Wildcats came out with an impressive victory Friday night over Saranac, 83-66.

Saranac started out the game very strongly and lead at the end of the first quarter by 7 points.

The Cats came back to take the lead at half and built that lead throughout the game, lead in scoring by SENIORS Bob Andresen, with 24, and Al Guilfoyle with 19. Mike Lindsay, "Buckwheat," came off the bench to put in 18 for the Cats.

That same night, Montabella was beaten by Portland who are the Cats' next competition, putting Lakeview in a tie for 1st place with Montabella.

JACKETS STING

It was the second victory over the Kittens this season by the much taller Greenville Yellow Jackets Saturday night.

The Jackets commanded the game, taking a 40-18 lead at the half. The 3rd quarter saw the Jackets increase their lead to 59-35.

In the last quarter both Coach Roger Bachman and Greenville Coach, Tom Stanley went to the bench with Greenville again taking the upper hand 13-9 and making the final 72-44.

Dan Nelson was again high scorer with 19. Darrel Stevens was also in double figures with 10.

The Cats play Portland this week Friday, there.

AGAIN THE
JACKETS STING

The Lakeview Wildcats went into their 9th game of the season last Saturday night against the Greenville Yellow Jackets.

The game started to be what looked like a battle to the last seconds, but as it turned out the Wildcats lost their pep in the second half.

The Wildcats dominated the first half of play until the closing seconds when Greenville took the lead by one.

The Wildcats then fell behind in the 3rd quarter and were behind by 20. The Cats then rallied in the 4th quarter to reduce the lead to nine. But when the game ended they were again down by 19.

Leading scorer for the night was Bob Andresen with 23; A; Guilfoyle had 20 rebounds.

HORNETS DON'T
STING CATS

The Cats played the Central Montcalm Green Hornets, defeating them 65-49. The Wildcats were ahead the whole game, having an 18-6 lead in the first period and leading 31-15 at the half. In the final half of the ball game the Cats led by 49 to 31 at the end of the third quarter and as the final buzzer sounded were in the lead 65 to 49.

Bob Andresen was high point man with 20 pts. Bob Guthrie had twenty rebounds. The whole team was able to take part in the game.

PORTLAND POWER FROSH

The frosh team had a hard time finding the basket in the first half of their game at Portland Monday night and came out on the losing end with the final score LHS 44 PHS 73.

Rebounding proved to be the determining factor as Portland has a much taller team. Dan Scott and Steve Farrell were high point men with 10 and 7 points respectively.

The next freshmen game is this Thursday against Fulton at 7:00.

SPORTS FOR GIRLS

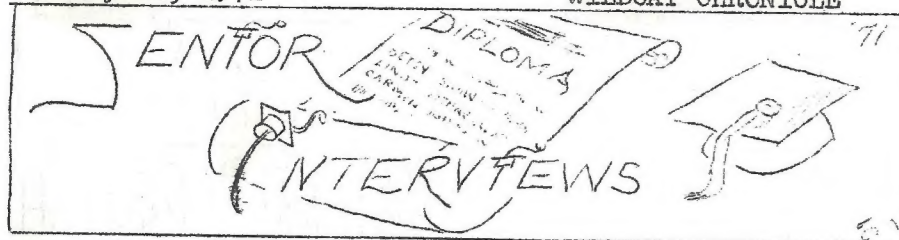

Girls basketball is finally here. Wednesday, January 20, was the first meeting. The main purpose of this meeting was to organize and get a general idea of who was interested. Mrs. Stephen will be the coach. Thursday, January 21, has been the date set for the first practice.

Rules of the game were briefly reviewed and Mrs. Stephen pointed out the differences in girls and boys basketball.

This year the girls will only scrimmage other schools, but next year games will be played. Next year the games will be played under the Michigan Girls Athletic Association rules.

Editor at Convention

— BY PAULA BUTER

After missing three days last week on account of snow vacation, my sister, Terri, and I took off another day, on Friday, and went with our parents to E. Lansing, to attend the 103rd. annual Michigan Press Association Convention at Kellogg Center. Since my dad is no longer a member of the MPA, we didn't try to arrive early enough to attend all the meetings on Friday. Consequently, we missed the Governor's speech at the luncheon Friday; however, Friday night we did hear Dr. Wharton, MSU President speak at the dinner. As principal speaker Friday night, we heard a Dr. Miller, physics instructor at MSU speak on "The Last Million Years and the Next Ten." He ended by combining optimism and pessimism by saying "Man will survive—but will he, in surviving, have anything left to live for?"

Saturday evening is the "big night". We all waited until 6:30 to get into the "Big Ten Room" for dinner—and, as customary, we had to work for our meal. This was the "All Michigan Dinner," where everything (outside of tea and coffee) has been produced in this state. At our places we found about 30 grocery products in a neat pyramid that we had to bag, including: turkey dogs, corn flakes, apple cider, archway cookies—and on. The

after dinner speaker was excellent—Dr. Herbert True, Notre Dame marketing professor—noted showman, humorist, and philosopher. His topic was "What Does America Mean." His presentation was unusual, first in his appearance—he came out in an "Uncle Sam" type outfit, and secondly in his use of slides.

One thing in particular he said, about his teenage son, impressed me. He said that we all follow peer groups - that he hates his son's long hair, but that he was not about to embarrass his son in front of his peer groups in order to impress his own.

He ended by saying, "and if you would like to see me on the Ed Sullivan show well, then, you just write Mr. Sullivan and tell him so."

Behind

Sno vacation...

It's a school morning, and many Lakeview students are lying in bed wishing they didn't have to get up for school. (Maybe you don't!)

For Mr. Barry, our Superintendent, it's not as easy as lying in bed and wishing. At 5:30 every morning (rain, sleet, snow or hail) he must get up and go out in the cold, winter air on his route. He gets in his jeep and heads east from his home on M-46. Then he goes south, west, and north on an inspection of the area's roads and knows their general condition by 5:30. After this, his job continues as he calls the Tri-County and Montabella school systems to find out their situation. Then he calls the Mount Pleasant and Big Rapids radio stations to find out if any other schools in the area are closed. By 6:10, the final decision is made. If it is not safe to send the buses out to get at least 70% of the students, Mr. Barry calls the area radio stations to announce that school is closed. He must call WBRM (Big Rapids), WPLB (Greenville), WION

EDITORIAL: ECOLOGY~

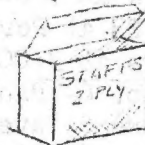

IT'S EVERYONE'S BUSINESS

Conservation and ecology enthusiasts please note and read with understanding this creed. Have your family and friends get interested and really do something about it.

"I pledge myself, as a responsible human, to assume my share of man's stewardship of our natural resources. I will use my share with gratitude, without greed or waste. I will respect the rights of others and abide by the law. I will support the sound management of the resources we have despoiled, and the safekeeping of significant resources for posterity. I will never forget that life and beauty, wealth and progress depend on how wisely man uses these gifts—the soil, the water, the air, the minerals, the plant life, and the wildlife. This is my pledge." -Author Unknown

One Bent, Spindled, and
Mutilated Feature Story
FROM January 21st, 1971

Those of you who read the story in this column last time were no doubt amazed at the imaginative way that it was cut off in mid-paragraph and mid-sentence. Below is the continuation of that story.

For those of you who were too cheap to buy a paper, here's what happened in the last issue: Bill Baccillus had just got some white corpuscles to move south and had set up a march of germs near the brain, making the blood cells take a detour. This caused what victim A called a headache. Here, progress reports are given, and such important questions as "How high is up?" and "Which is longer, a quarter of an hour or two-thirds of a mile?" were answered. Then they dispersed, and went their merry way...some to the lungs, some to the throat, and some followed the white corpuscles south for the winter. (Some scientists tend to disagree with me on these points, but they are only trying to see a virus, not talk to one!)

Those that went to the throat came equipped with tiny feathers and went to work giving victim A the "tickles", making him cough. The little devils then sat on the vocal cords and got a bouncy little ride. Those that went to the lungs brought kites and had loads of fun clogging bronchules.

However, A didn't think that a cough and a headache were enough to keep him from school, so he went. Now the viruses were con't. pg.

SPORTS
CENTRAL
DAVE

Our Lakeview High School girls basketball team started off with an explosion here Tuesday night. They scrimmaged Central Montcalm Hornets. The J.V.'s started off all of the action. The starting line-up for our J.V. girls was: Nancy Jeppeson, forward; Karen Hubbard, forward; Karen Houghton, guard; Terry Butler, guard; and Mary Moblo, center.

Other girls on the J.V. squad are: P. Obrien, V. Sheeler, C. Perez, Robert, R. Shaw, D. Moore, D. Davis, V. Anderson, J. Delamater, P. Gummer, S. Smith, J. Green, H. Stevens, B. Nelson, and L. Towne. These girls played a fine game for their first time out, trying to hold back the experienced Hornets. Mary Moblo was high point girl in this game with 1 point.

At the end of the first quarter, we were trailing 0-14. The Hornets slowed down and made only 11 points up to the half making the score 0-25. The third quarter was bad for our girls, and Central moved the score to 0-43. At the final quarter we started to fire up with only 1 minute to go and Mary Moblo shot from the free throw line and made the only point. The final score was 1-73.

Our JV girls played a good ball game considering that this was the first time at playing against another school after only three practices.

The Varsity girls were somewhat better in scoring with their bout with Central Montcalm, but still lost 83-7.

The starting line up for the squad was Gale Cogswell, forward; Marilyn Main, forward; Connie Carrick and Sue Hutson as guards, and Rosa Garcia as center.

High point girl for the night was Rosa Garcia with four points, followed by Sue Schnick with two, and Connie Carrick with one.

Varsity

The Cats lost to Portland 2 weeks ago by the score of 63-57.

In the first few minutes the Cats led 10-8 but Portland made 12 straight points before the Cats could strike back leaving the score 22-13 at the end of the first quarter. In the second quarter the teams stayed even, both scoring 14 to make it 36-27 at half time. Then in the last quarter the Cats were behind by 14 at one time but came back strong to keep the crowd alive and cut the margin to 5. With close to 2 minutes left the Red Raiders went into a stall and limited the scoring.

Al Guilgoyle was high point man with 20. Bob Andresen, who was just recovering from a sore, scored 12 as well as Rich Houghton.

!!!Students and parents are urged not to call the school or radio stations to learn if there will be school. Just sit down by your radio and listen!!!!

count page 2

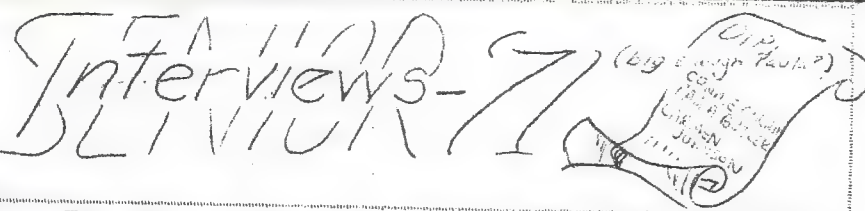

in A's nose, and other than noticing how sticky it was, caught hold of the situation and really started tickling Victim A's throat. This happened about mid period in Algebra. Just before then, some enterprising young student biologist pranced into the Algebra class and plopped down a little dish of germ catching gook. When victim A coughed, a few of Bill Bacillus's friends jumped out and said, "ah-HA!" only to be caught by the germ catching gook. Then the enterprising young student biologist said, "On goody-golly gosh-gee willikers! I got me a germ!" And she'd dash off and stick the dish of germ catching gook in the oven, and everyone was happy.... even the germ. He never got such a beautiful sun-tan in his life.

Dr. Run E. Noz

(Ionia); WCEN (Mt. Pleasant), WOOD (Grand Rapids), or WZZM (also of Grand Rapids).

Also on Mr. Barry's calling list are Mr. Cady, our principal; Br. Martin, Middle School principal; and Mr. Goulet, Elementary school principal. It is their job to tell the teachers.

Along with many of the above problems stated, Mr. Barry hates to call school off because for every day of school called off it costs \$6,745.08.

Pet Peeve: People who brag for attention.
 Future Plans: College (CMU)
 Most Cherished Possession: Drivers' License.

Name: Edda Binder
 Birthdate: August 7, 1953
 Pastime: In Germany: political conferences, traveling, playing tennis, going to operas, concerts.
 In America: writing letters, dancing
 Fav. Place: Sighisoara, Rumania
 Fav. Song: Beethoven's 9th Symphony
 Pet Peeve: People pretending to be something that they are not.
 Most Cherished Possession: my home and friends
 Fav. Personality: Willy Brandt, Mahamat Gandhi
 Future Plans: politician or journalist.

Future Plans: Don't know until Uncle Sam gets a hold of me
 Most Cherished Possession: Karen

Name: Ric Bucholtz
 Birthdate: August 8, 1952
 Fav. Song: "House of the Rising Sun"
 Fav. Personality: Clem Kadiddlehopper
 Hobby or Pastime: Getting run out of Greenville
 Fav. Place: Fisk Knob
 Pet Peeve: Guys that wear silk underwear.
 Future Plans: Bachelor & College
 Most Cherished Possession: My rebuilt Super Bee

Name: Connie Fay Carrick
 Birthdate: December 25, 1952
 Fav. Song: "Who Stopped The Rain"
 Fav. Personality: Ed Janaitus, Personality?
 Hobby or Pastime: Going to Edmore.
 Fav. Place: The Friendly
 Pet Peeve: People who have ghee-to.
 Future Plans: LPN School at MCC.
 Most Cherished Possession: My Cheerleading uniform

Name: Robert Bowser
 Birthdate: Nov. 4, 1953

Lakeview High School

Lakeview, Michigan

Volume 8, No. 15

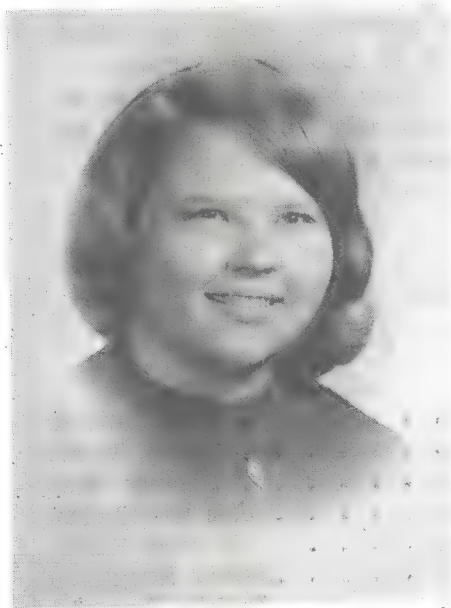

February 11, 1971

Homemaker of Tomorrow Announced Today!

Lakeview High School's 1971 Betty Crocker Homemaker of Tomorrow is senior Susan Wilkinson, daughter of Mr. and Mrs. Homer Wilkinson. Selected for her performance in a written knowledge and attitude examination administered to senior girls on Dec. 1, Susan will receive a specially designed award from General Mills sponsor of the annual education program. Additionally, she is now eligible for state and national honors, including one of 102 college scholarships totaling \$110,000.

The national first-place winner -- the 1971 Betty Crocker All-American Homemaker of Tomorrow -- will receive a \$5,000 educational grant. She will be chosen this spring from 51 Homemakers of Tomorrow representing each state and the District of Columbia at the close of an expense-paid educational tour of Washington, D.C., and Colonial Williamsburg, Va. Each of the state winners will be accompanied on this tour by a school advisor. Second-, third- and fourth-place national winners will be awarded \$4,000, \$3,000 and \$2,000 scholarships; the other State Homemakers of Tomorrow will receive \$1,500 grants.

State judging centers on scores of school winners in the Dec. 1 test, with personal observation and interviews during the tour
Con't. col. 2

added factors in national selections. Second-ranking Homemakers of Tomorrow in each state receive \$500 educational grants. The school of every \$1,500 scholarship winner receives a set of encyclopaedia Britannica from Encyclopedia Britannica, Inc.

All judging and selection of winners is done by Science Research Associates, Chicago, which also constructed and graded the written examination.

EDITORIAL:

The Girls Need Our Support, Too!

(Continued from Page 1)

(PAULA BUTLER WAS HERE)

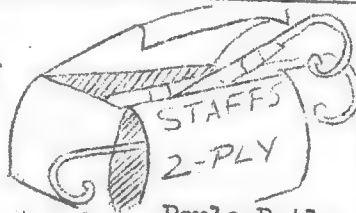

The new joke going around the school deals with the newly-formed girls' basketball team (if you don't know it, it's not my job to tell you). In this early stage of the game, it would be rather premature to downgrade the attempts put forth by these eager players. So what if the JV's scored only one point and the Varsity seven? It just gives them no where else to go but up!

Just think....if on another game the JV's scored just fifteen points, this would show an increase of 1500%. At this speed, after another three games the increase would be 4500%. Going at such a rate, the same team that was known as the underdog would be using the Harlem Globetrotters to mop up the shower room.

But before the JV team or even the Varsity can do these fantastic things, they need our support. So go out and support a girl basketball player!!!!!!!

FEATURE STORY

La Tempete de neige

For the past two weeks our great state has been attacked by La Tempete de neige! If you are wondering whether this is bubonic plague, or some new species of insect, don't worry--it is only the French word for BLIZZARD. These phenomena lead us to believe, "Happiness is getting out of School, no matter what it's like outside!"

The snow came silently during early evening, but by morning every student woke up to the happy sound of 35-40 mph winds. The usual sleepy, groggy, and grouchy student bounded, instead of tumbled, out of bed to turn on the TV or radio to see if there was any 'good news'. In the meantime this LHS'er was telling his mother, "Look at those drifts--why--buses will never be able to get through. I don't want to wait outdoors for the bus when the wind-chill index reads -32°F."

Later, after the 'good-news' of NO SCHOOL IN LAKEVIEW was heard, this same student said, "Mom, I am going out to ride on the snowmobile!" While Mother tries to recover from this shock, he comes in a half hour later with frostbitten ears, toes, and fingers.

Our snow vacation did create extra days for studying for exams. (Good work fellow students. By hoping for snow we prolonged exams as long as possible!) Some people took advantage of these extra days of study time, but others who were smarter left their books at school and did not have to Con't. on Pg. 4, Col. 3

SPORTS WITH
DAVE and
KIM...
ZACHARY

The game Friday night was postponed until Saturday, due to the weather.

The Cats kist abitgerone this time at the hands of first place Montabella. The score ended up 91-77. The Cats shifted the starting lina-up but it woen't enough to win.

Bob Andresen leadtheteam with 31 points. Al Guilfoyle followed with 23 and Dick Guthrie with 15.

The Cats meet the Fulton Pirates here Friday night at 7:00.

WRESTLING

On January 12, 1971 an annoucement was made said, "Any high school boy going out for wrstling please contact Mr. Boyd." Well as it happened 20 young men showed up and began to learn the intricacies of wrestling.

Last Monday our wrest-ling team went to Central Montcalm. Due to lack of experience they lost 39-8. The two men that get points for Lakeview were Dwight Poulson with a forfeit and Marty Marshall with a de-cision. Rick Brown got a dislocated elbow.

HAPPY
Valentines Day!

STEVE ABBEY CHOSEN for
PREP All-American
FOOTBALL
1970

Steve Abbey has been chosen for honorable men-tion of the "Prep All-Amer-ican Football 1970." This award is presented by the Coach & Athlete Magazine and the Sunkist Growers. It is awarded to a selective number throughout the Uni-ted States.

Steve is a senior now at Lakeview High School and has played 6 years of foot-ball. After the completion of the 1970 football sea-son, Coach Boyd received information on the Prep All-American Football 1970 award. He was to send in any player(s) name whom he felt qualified for this a-ward.

This Tuesday Mr. Boyd received, by mail, an of-

(cont col. 3)

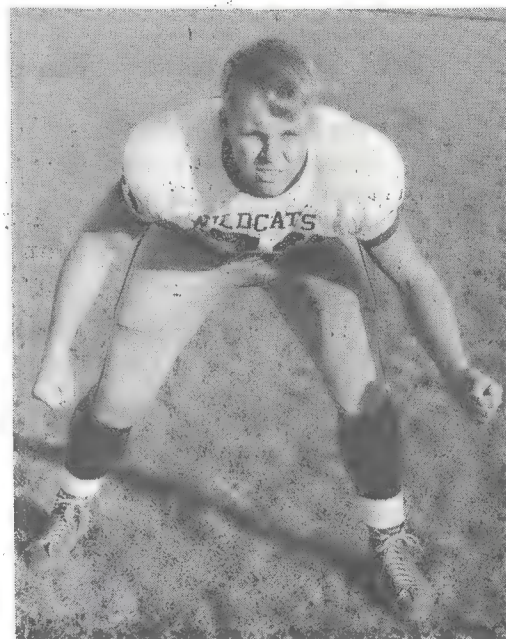

The girls basketball teams met Greenville girls here last Monday night. Both teams were beaten.

Although our girls have been beaten, they are still putting up a good fight and aren't giving up.

They are still practicing defense, offense, dribbling, and guarding each practice. Now, they are working a lot harder on learning the different types of shots and controlling the ball for shooting. They are practicing during the week with scrimmages set for Monday nights. These girls need your support, follow them.

foundation. They must send in their ACT scores and a financial report.

Lloyd is a senior at LHS where he maintains a "B plus" average. He is an active member of the Math and Science Club of which he is president, the French Club of which he is vice-president, and FTAA in French. Outside of school he is actively involved in the Langston Church where he is a Sunday School teacher, a choir member, and the treasurer of the youth group. Lloyd plans to attend C.M.U. and major in teaching.

Alan is also a senior and has maintained a "B" average. He is now working for two dentists as a lab technician. He plans to attend C.M.U. next year, then transfer to a dental school to become a dentist.

Last summer Lloyd and Alan were selected to represent Lakeview at the Wolverine B'y's State at M.S.U.

February 18, 1971

Mrs. Hachman to Replace Mr. Z

A new face in the faculty this semester is Mrs. Margie Hachman. She will be teaching students in the bookkeeping, business math, office practice, and typing classes in the place of Mr. Zawadzinski.

(Mr. Z will be working as a co-op co-ordinator at Tri-County and Lakeview where he will teach a related class for vocational placement.)

Mrs. Hachman went to high school in her hometown of Temperence, Michigan. She took up a major in business at Eastern Michigan University for one year, and graduated from Ferris State. She and Mr. Hachman live near Blanchard. Her interests include sewing, motor cycling, and just being outside.

She finds the Lakeview students "very polite, kind, and helpful. I'm sure I'm going to like it here."

NATIONAL MERIT EXAM GIVEN

During the first three school hours Tuesday morning February 16th, any interested junior competed in the National Merit Exam. The students in each state who receive top scores on this annual exam are considered for one-time National Merit \$1,000 Scholarships. These exams were monitored by Mrs. Stephen, Mrs. Darrow, and Mrs. Nelson.

Calendar February 19-23

Sat. Feb. 20-Wrestling-Alma District

Mon. Feb. 22-9th BB here with Saranac at 7:00
Girls BB at Montabella at 6:00

Tues. Feb. 23-BB here with Cedar Springs at 6:30
Wrestling TCAA at Central Mont. at 3:30

FFA Contests

The Lakeview FFA chapter hosted the district spring leadership contests on Feb. 11th. Schools attending the contests were Central Montcalm and Carson-City Crystal. The winners in the various areas Parliamentary Procedure, from Lakeview team members were George Rader, Jeff Hansen, Rick Brown, Douglas Polsen, Mike Petersen, Darrell Stevens, and Eldon Young. Demonstration: Mike Koppal and Randy Rausch. Farm Forum: Steve Poulsen, Don Kohl, Greg con't. pg. 4

SENIORS Hold Class Meeting

The Seniors held a class meeting last Thursday, Feb. 11. After the Seniors were urged to pay their class dues, the floor was opened to suggestions for the class motto. "Today is the first day of the rest of your life" was chosen as this year's Senior motto. con't. pg. 4

Juniors MEET

The class of '72 met last Thursday, February 11, during 5th hour with John Garcia presiding. The class began planning for the 1971 Junior-Senior Prom. May 22 was the date chosen for the prom. Committees for them, decorating, favors, and a band were appointed. It was decided that the class needs to raise money before prom time. The Juniors held a con't. pg. 2

OFFICE NEWS

Mr. Cady has been checking on all class schedules. If he somehow missed you, please check with the office.

We, people, write of death.
Write of a subject unknown
Yet near and always present.
We, who have yet to learn
Words to describe; - try to describe
With undescriptive words
And with a non-existent language.
We only succeed in writing
What fools we are.

-Sonja L. Morgan

La Tempete de neige (French Blizzard con't)

Since not many of us have helicopters, our continued feature story leaves us stuck in a snow bank. Three blizzards in two weeks had given us several "Whoopie! NO SCHOOL IN LAKEVIEW" days.

The big challenge that confronted us was trying to find something to occupy ourselves while the snow drifts kept piling up.

Some students were lucky enough to celebrate birthdays on 'blizzard vacation days'. This meant he could sit home eating his birthday cake all alone.

TV helped pass away the day on Friday. It is not everyday when you can watch live from the moon, men walking and performing scientific experiments. (the weather wasn't bothering their work. That is one good thing about living where there is no atmosphere.)

Each La Tempete de neige brings some excitement and some disappointment. The Teachers are saying, "enough of a good thing!" So, fellow students (Indians) for the time being, we had better stop doing the "SNOW-DANCE!"

-MF-

Con't. from pg. 1
candy sale last Tuesday to raise some of this money. It was brought to the attention of the class that if everyone would pay his class dues of \$3.00 for the year to Karen Rodarmer, treasurer, there would be no need for any further money-making projects. So JUNIORS- -PAY YOUR CLASS DUES NOW!!!!

SPORTS WITH DAVE

Charlie, Connie & Terri.

Cats with Fulton

Coach Jonaitus' team could find the winning combination in only one of the last three games they played.

The Fulton game wasn't one of Lakeview's better efforts. It showed at half-time with the game fairly close, but the determined Frosh came in the second half to outscore Fulton by 22 points as the end of 4 quarters went by.

In the tournaments Saturday it was an entirely different story. Lakeview traveled to Big Rapids only to suffer ignominious defeat losing by the score of 57-29.

Playing Central Montcalm in their first game in the new gym Monday night the Freshmen suffered their second consecutive defeat. The momentum was with the opposing team in the first half, while Lakeview suffered from lack of hustle and cold shooting. Lakeview usually doing their best in the second half, rallied to within 13 pts., but couldn't make ends meet. The final score stood as 77-60.

Support a
Girls'
Basketball
Team!!

WARRIORS OVER CATS

Our Wildcats were defeated Tuesday, February 16, in a bout with Chippewa Hills, 57-54. The game was close most of the way, and was lost on the boards, with the edge to Chippewa Hills.

High point men for the game were Mike Lindsay with 16 points, Al Guilfoyle with 12 points, and for Chippewa Hills, Hawley with 18 points.

GIRLS' BASKETBALL

Our girl's basketball teams traveled to Greenville Monday night to scrimmage Greenville's girls. Although you may have heard cheering if you happened to be in the vicinity of the school when the team returned that night, the girls lost both games. The girls are showing improvement in their game, scores were: JV's, 23-10, and Varsity, 53-3.

KITTENS CLAW AW WARRIORS

Although being out-rebounded, the J.V.'s came through with a victory over Chippewa Hills. The score stood 50-39 at the end of the game.

High point men for the J.V. team were Darrell Stevens with 14, and Kevin Griffith with 12. Griffith also had the most rebounds for the team.

WRESTLING

LAKEVIEW AT CARSON CITY

Monday, February 15, the wrestling team went to Carson City. It was a scrimmage and Lakeview came out underneath, so to speak, with a score of 39 to 11. Bob Bowser was the only Lakeview man to pin his partner. Steve Abbey and Dwight Poulsen each won by a decision.

When asked about the match, Steve Abbey commented, "We could have done much better. We lost to Central Montcalm last week, but we gave them a much better fight. We just weren't ready for this one!"

KITTENS have Winning TEAK

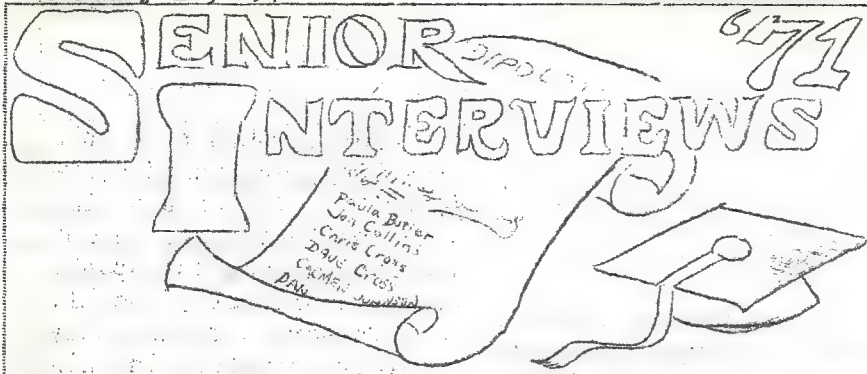

The Varsity & J.V.'s started the record in the new gym out in the right style, by defeating both of the Fulton teams Friday night. The Varsity won by the score of 89-57, with Al Guilfoyle leading the scoring with 15. John "Curly Niel" Garcia brought the crowd to life near the end of the game with his fancy passing and dribbling.

The J.V.'s won by the score of 75-59, which started out quite close. But Fulton got a little wild and four or five technicals had to be called. Griffith lead the kittens in scoring with 18 points.

 Pet Peeve: people that don't care about wild life or the place we live
 Future Plans: park ranger
 Most Cherished Possession: my hunting and fishing equipment

Name: Christime Sue Cross
 Birthdate: Aug. 4, '53
 Fav. Song: "For All We Know"
 Fav. Personality: My dad
 Hobby or Pastime: day-dreaming
 Fav. Place: any place I feel comfortable.
 Pet Peeve: guys who won't talk back at me
 Future Plans: job in Lansing.
 Most Cherished Possession: My life.

con't from Pg. 1 col. 2
 Johnson, Kendell Martin and Gary Poulsen. Central Montcalm won the Public Speaking contest. These teams will go on the regional contest held at Fremont High School on Feb. 25th.

INTERVIEWS (con't.)

Name: Dave Cross
 Fav. Song: Barnacle Bill the Sailor
 Birthdate: Sept. 27, '53
 Fav. Personality: Amos Moses
 Hobby or Pastime: Thinking of a certain person I used to go with
 Fav. Place: Pickeral Lake
 Pet Peeve: people who catch you taking flashers at 5 in the morning.
 Future Plans: FSC., Uncle Sam, dying.
 Most Cherished Possession: My friendships, old memories, and singing with the guys on the team bus.

Name: Rita Ann Cruz
 Birthdate: Nov. 19, '53
 Fav. Song: Burning Bridges
 Fav. Person: Dan!
 Pastime: Trying to keep Kris out of trouble.
 Fav. Place: Reihls
 Pet Peeve: People like Wheeler!
 Future Plans: work
 Most Cherished Possession: My hair.

con't from Pg. 1 col. 3
 The majority of the Seniors favored having graduation ceremonies outside on the football field on the day--Friday, June 11, and a committee was formed to select a speaker for commencement.

There was further discussion on a Senior trip. If 70 Seniors have \$25.00 handed in to Betsy by the 26th for a trip to Milwaukee, this may be where the class will go.

HONOR ROLL

Third Period-First Semester
1970-71

To be eligible for the Honor Roll a student must have at least one A in a major subject and no mark in a major subject lower than B. Those having the * before their name have all A's in academic subjects.

MATH & SCIENCE CLUB GOES to CENTRAL

On Saturday, February 20th, fifteen members of the Math and Science Club, along with chaperones, went to a computer demonstration at Central Michigan University at Mt. Pleasant.

Taking three cars and leaving at 8:00 am, the group arrived an hour later and was invited to meet the computer, nicknamed "Delilah." After being programmed, she showed us what she could do---including typing out HI, THERE in huge letters and also a little =+@%!!/*!!

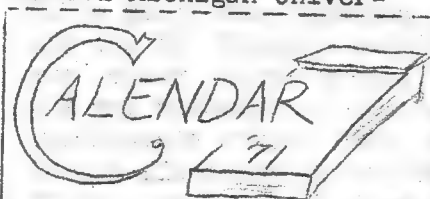

Two of the fifteen, LuAnn Ball and Marcia Frandsen, were invited to play a little game of "Hangman"computer style.

Then came the high part of the whole demonstration: Guy Newell had it out with the computer in a football game. With his expert plays, Guy defeated Delilah 3-0.

Following the demonstration, there was a self guided tour of the campus. They returned to Lakeview about 1 pm.

ECOLOGY

Last Thursday the 2nd hour Ecology class went to Sander's Auto Part near Coral where they saw a car crusher in action. The hydraulic press, mounted on a semi-trailer, crushes cars into a flat rectangular can't pg. 4

The Making of a Feature Story

It may seem amazing to all of you how this paper has managed to fill this column for the past two years. If you aren't curious as to how we do it, tear this out and stuff it into the next Sloppy-Joe you buy at the cafeteria—it may improve the taste. But this writing is meant for the future writers of this paper.

First of all, our noble Editor (whose name escapes me at the moment) must post the well-known "Assignment Sheet." This is done on Friday morning, or Friday afternoon, or Monday morning, or Monday afternoon, can't pg 2

Administration Convention

Last Thursday, February 18, Mr. Goulet, Mr. Barry, and three of our school board members traveled to Atlantic City, New Jersey for the national meeting of school administrators. The convention takes place in the same auditorium where the Miss America Pageant is held. Many of the meetings are also held in hotels when there is too large a crowd in the auditorium.

This convention has been mostly for superintendents and assistant superintendents, although in recent years Board Members have been participating. The purpose of this convention is to discuss problems in our schools for the betterment of education.

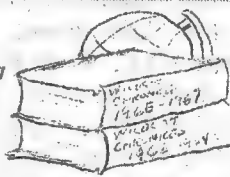

Many nationally famous men speak at the convention on such general topics as the draft. Included among these speakers may be the President, his Cabinet members, or the Vice President. There are many meetings in which are discussed more specific topics, as drugs and segregation. Many interesting exhibits are set up in the auditorium to add a little variety to the convention.

Editorial: Ride a Fan Bus To The Game With Whitehall!

The place is Fremont. The time is 7:30. The attraction--Lakeview vs Whitehall. Next Wednesday, the third of March is the first tournament Lakeview will play. In the past few weeks the school spirit has been tremendous--but there's always room for improvements. The best way to show those men that represent LHS as the Wildcats, that you care if we go to State or sit home, is to pack as many fans as possible onto those fan buses! If we could fill three or four or more buses, I'm sure the Wildcats could easily beat Whitehall! You students that are fans are a very important part of the Cat team. An opposing team always watches to see how many followers his rivals has. The great schools have a big crowd of fans, and isn't Lakeview a Great school? If all the students that attend LHS and usually drive their own cars to the game, will ride the fan bus instead for the tournament, Lakeview Wildcats will return victorious! We have a very good chance of defeating Whitehall and if you fans all ride the bus and walk in together, we'll shake them up! If you fans, really care, you'll stick (cont. page 4, col. 3)

The Making of a Feature Story

can't from pg 1 col. 2 or Tuesday morning, or.... or whenever. Soon afterwards, the Staff's reporters crawl up to the sheet and get their assignments. The following deals with just one of the many assignments: the FEATURE STORY. After either Marcia (alias MJF) or myself (alias Dr. Run E. Noz, Rigg Or Mortis, etc.) has received the assignment (we alternate every other week) one of us runs home and spends the whole weekend writing. HA! That's what we want you to think. We usually run home and sit in front of the TV and promptly forget school and all things connected with it-----including Feature Stories. However, Marcia has a harder time forgetting for she has a stack of ten or so books she takes home each night staring her in the face. I find that they make a better footrest (might as well get some use out of them!). This week, I'VE been chosen to diddle on the typewriter.

By Monday, the furthest thing from my mind is doing a feature story. Unfortunately, the moment I pass the bulletin board with the assignment sheet, a ton of flares goes off in my head and the remembrance of the feature story hits me like a ton of bricks. Anyway, I usually don't do much about it:

Monday, 3:45: I get home and start watching TV.
4:30: The thought of my having to do something strikes me, but I can't think of what it is.

GRR! CON'T NEXT WEEK -GRR!

SPORTS

WITH

GARY, RICK and Charlie

Wrestling

Competing for the first time in the State District wrestling found the going a bit rough with some very strong team and individual wrestlers competing in this particular district. However, they still managed to earn two points on wins by Den Fankhauser at 167 lbs. Den decisioned his first wrestler 15-3 in the first round, but lost on a pin in the second round. The man he lost to was selected number three, and was a fine wrestler. Dwight lost his first round match, but the man he lost to was the number one seed at 105. Since the guy Dwight lost to went on to win his next two matches he carried Dwight into consolations. Dwight won his first round match on a pin, but lost on a pin in the second round. Many of our wrestlers were facing the best wrestler in their weight division in the very first round. Den Smith drew the number two seed at 98 lbs. Dwight drew the numbers one seed at 105 lb. Bob lost his match on a decision 4-1 and then lost again in consolation 3-0. Both of his opponents were very fine wrestlers from strong teams. Steve Abbey lost a real tough match in his first round. He drew Greg Nelson from Alma who is a fine heavyweight wrestler. Steve lost the match 9-8 but had Nelson on his back twice for near pins.

Though our team has only been working out now for 6

(can't col. #3)

If you happened to notice these weird-looking fellows running around all bundled up like snowmen, no need to fear. These are just the L.H.S. Trackmen. If you're wondering why these idiots are running out in cold, well-who knows? They must be out of their ever-lovin minds. But who knows? Maybe if they run this winter they'll run better this spring.

GIRL'S BASKETBALL

Wednesday, February 17, the girls basketball team traveled to Central Michigan University to watch their second team take on Delta College.

The girls main purpose of seeing this was to get new ideas of playing basketball. There were many different types of plays that Central used and with a little practice our team will be doing the same. Oh by the way, Central won!

LHS VS.

CEDAR SPRINGS

Tuesday night, February 23rd, our 'Cats defeated Cedar Springs, 85 - 69. Starting off with a blast, we scored 25 points in the first quarter.

High point men for the Lakeview team were Lindsay with 18, Andresen with 17, and Lutterloh with 12. High point man for Cedar Springs was Schitema with 20.

weeks our guys gave a fine account of themselves against some of the finest Class B competition in the state.

Central Montcalm won the team championship of the first TCAA Wrestling Tournament with 85 points. Portland finished second with 63 points, Carson City third with 62 points and Lakeview fourth with 50 points. Lakeview recorded two individual champions, a runner-up, and four third place finishes for seven individual medals in all. Lakeview's scoring was paced by Steve Abbey who won the 167 pound championship. Both wrestlers pinned their opponents in the championship matches, Abbey doing it in 1 minute and 11 seconds and Bowser in 3 minutes and 34 seconds. Marty Marshall won the runner-up spot at 141 lb. Marty pinned his first man in 32 seconds to reach the finals. Third place finishes were recorded by Dwight Poulson at 105 lb., Curt Dishong at 126 lb., Den Fankhauser at 155 lb. and Dave Warner at 185 lb. Mr. Boyd said, "Hats off to a gutty bunch of guys who had only six weeks to work and have come a tremendously long way in that short period of time."

BAND Festival to ~~BE~~ HERE

This Saturday, March 6, 22 junior high bands in classes B, C, and D will be at Lakeview High School for the District Junior High Band Festival. The LHS Band Boosters will sell food in the cafetorium for all students and visitors. The F.H.A. will serve lunch in the home ec. rooms for judges and band directors.

Ten of our classrooms will be used as coatrooms for the visiting bands. The double classroom will serve as a warm-up room, the gym as a performance room, and the band room as a sight-reading room.

Each band will perform 3 numbers before 3 judges. These numbers consist of a warm-up march, a required number, and a selected number. The required number is chosen by the band directors at a meeting previous to the festival. All bands in the same class must play this song. The bands are judged in intonation (playing in time), tone quality, appearance, overall performance, and other areas. The band goes next to the sight-reading room. Here they are given two pieces which they have never seen before. Five minutes is allowed or the young musicians to study their parts, during which they are allowed to sing, hum, or whistle their parts but not play them on their instruments. At the end of this time they play the pieces for one judge who marks on sight-reading ability and other items.

If a heart should fall at your feet-
Don't scorn it.
Don't tread with leaden feet,
Put adorn it.

A heart can hold a world,
Inside it.
And only in face of hurt,
Will hide it.

A broken heart like shattered glass,
Beneath you:
I wish I'd found the way,
To reach you.

-Sonja L. Morgan

Calendar

March 4-10

- Thurs. Mar. 4-Library Club Bake Sale
- Fri. Mar. 5 -Jr. High Band Festival at Lakeview High School
- Mon. Mar. 8 -Assembly at 2:25 in the Gym
- Wed. Mar. 10 -GAA at 6:30

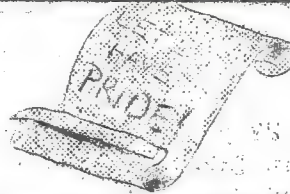

F.H.A.

The F.H.A. will be preparing and serving a ham luncheon to the band directors, judges, and their wives this Saturday, March 6 when Lakeview High School hosts a band festival. The luncheon will be served in con't. next col.

WORD of the WEEK

Have you been mendacious lately? Well, if you've been telling those little white lies again (or perhaps bigger ones!?) then, you've been mendacious because it's an adjective meaning you're dishonest or untruthful. So why don't you make it a point to use mendacious at least once today. People will say, "Boy, there goes a smart chap", and what's more, they won't be as offended as they would be if you simply came out and called them a liar. con't. from col. 2 the two home ec. rooms for about 60 people.

Editorial: PRIDE!!

Our pride in our school and our team has really improved lately, but there is something that is happening not only in our school but throughout the country as well. It is the lack of national pride, pride in our America. I noticed at the Saranac game last Friday that when they played the "Star Spangled Banner" no one sang. Most of the people just stood there acting like they didn't know what was going on. Some were laughing and whispering about something they had seen, others were looking, everywhere except at the flag. How is the generation that will follow ours ever learn the words to the most important song in our nation if they never hear them? Do people avoid singing the national anthem because they, themselves, don't know the words? This seems very impossible, yet from what I saw and didn't hear at the Saranac game it might be true. So the next time you are in a situation where the "Star Spangled Banner" is being played be sure to sing it with PRIDE!!!

One Continued Feature Story

I expected ahead of time that this story would be continued, so I prepared this statement in advance.

As you recall, last week it was my turn to write up a feature story, and I promptly forgot all about it until Monday, the day before it was due. . .

5:15: I go, "YIKES! THAT FEATURE STORY!!!!

5:16: I calm down and resume watching TV

6:30: I start doing my homework.

7:00: I finish my homework.

7:15: Now comes the hard part. I start the feature story. I concentrate real hard for a topic for a good five seconds and then start looking around the room. I notice cobwebs in the corners.

7:17: I get a broom and sweep out the cobwebs.

7:18: "C'mon ol' boy, you HAVE to get this thing written!"

7:45: I notice dirt in my fingernails

7:50: I finish cleaning my fingernails.

7:55: "No use trying to thing on an empty stomach." (I had dinner at 6:00). I go to the kitchen and raid the icebox.

8:00: I finish my raid. As I pass the TV, I see that "Laugh-In" is on. I watch it.

9:00: I dive into bed and try to remember something I have to do.

Tuesday, 2:00 a.m: YIKES! THAT FEATURE STORY!!!!!!!

2:01: I'm back asleep.

7:00: Dad comes in and hits me on the feet with a rolled up newspaper to get me up.

7:01: I'm back asleep.

7:02: YIKES!! THAT FEATURE STORY!!!!

SPORTS WITH Jon & Charlie

Wildcats Down Redskins

Our Wildcats came through again last Friday, defeating the Saranac Redskins, 82-72. It was a close game in the first three quarters, with Saranac leading most of the time. Then, in the third quarter the 'Cats come on strong, outscoring the Redskins 23-14 to take and keep the lead.

For Lakeview, high point men were Mike Lindsay with 28, Bob Guthrie with 17, Bob Andresen 12, Al Guilfoyle 11, and Kelven Lutterloh with 10. For Saranac, Mason had 29, Hubbard 16, and Miller 13.

JV'S

DOWN

REDSKINS

SARANAC VS JV'S

Last Friday night, the JV's made their fifth win in a row - by defeating Saranac, 64-51.

Stevens was high point man with 15, Rader with 14. Griffith had the most rebounds.

Farrell, being pulled up from the ninth grade team, got to play.

Support Our Track Team

1111

Fresh with Saranac

After losing 2 consecutive games, the Freshmen came back with a 52-41 victory over Saranac. Last time Lakeview played Saranac they lost by 10 points but, the Lakeview Freshmen were never behind in this game and at one point in the game held a 18 point lead. High scorers were Steve Farrell with 15, Dan Scott with 14, and Rich Arnett with 9. One of the highlights of the game came when Ruben Solis sank a free throw with 58 seconds left. This free throw was the first career point for Ruben at Lakeview.

TRACK

On January 15 the track team started running. This may seem a little early, but anyone should know the more you practice the better you get. This may not be quite so dumb after all.

The strong runners are Gordy Olson, Gary DeGram, and Wendell Martin. The runners with the most miles are Charlie Chapin, Bob Rossman, and Dan Large. Other runners are Dick Olson, Matt and Marty Marshall, and Stan Bellinger. Anyone else that wants to run just come to the team room after school.

Track officially starts on Monday, March 8th after school. Members will meet in Mr. Hansen's room.

'CATS AT FREMONT -

Our Wildcats lost another tough game last nite by the score of 107-97. This is the most points scored this year by the Cats, but wasn't enough to overcome a powerful Whitehall team. This was one of the best games we have played this year.

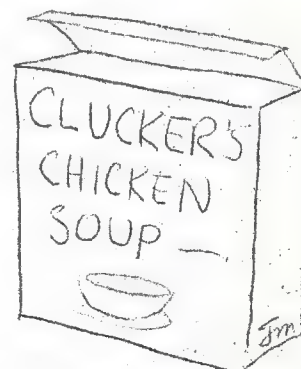

The Cats were behind during most of the game. We started out pretty good taking a 7 point lead, but then were overcome. At the end of the 3rd quarter we were behind by 23 points. The Cats then changed their defense and caught up within 10, but it was just too late.

Bob Andresen led in scoring with 28. Al Guilfoyle had 22 and Mike Lindsey had 17.

This was the final game - for three SENIORS: Bob Andresen, Al Guilfoyle, and Rich Houghton.

The Cat's final record was 10-7.

The Cheerleaders commented on how super the spirit was, so let's keep it up for the oncoming years!

IF IT'S CLUCKER'S -
it has to be fowl!

BATONS TWIRL at L.H.S.

The National Baton Twirling Festival was held at the Middle School, Saturday, March 13. There were approximately one hundred students from the ages of 4 to 17 years old who competed in the events of the day. Some of the events were- Dance Twirl, Teams, Solo Twirling, Basic Strut, Duets, and Best Appearing. The students came from Illinois, Ohio, Indiana, and Michigan.

The first place winners from Lakeview were Julie Olsen, Teresa Mitchell, Kristy Stine, and Dolinda Riley in Solo Twirling. In Basic Strut were Karen Buskerk, Julie Olsen, Kathy Stine, Cindy Stout, and Penny Gummer. In military strut were- Jami Larsen, Cindy Stout and Penny Gummer. Teresa Mitchell, Julie Stout, and Judy Mitchell with 1st in Fancy Strut and Jannean Warner with a 1st in Best Appearing.

DRIVER'S ED.

Because of the number of students signed up to take Drivers' Training, there will be three 5-week classroom instruction periods this year. The first session will begin next week. Meetings will be held on Mondays, Wednesdays, and Thursdays from 3:30 to 5:30. Books for classroom instruction will be rented to you for \$2.00. The next classroom instruction period will start in April, and the third will be held during the summer. You must be 15 years or older by July 1, 1971 to be eligible for Drivers' Training.

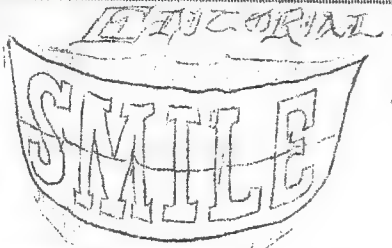

Band Plays at Festival

The Senior High Band went to North Muskegon High School Saturday, March 13. They left the school around noon and received a second division rating. This is very good for Lakeview for other bands with class B experience received a two. Congratulations High School Band!

WORD of the WEEK

The word for this week is propinquity (pro-ping'-kwa-tee). This word is courtesy of Mr. Kalin, the student teacher under Mr. Hondorp.

You say you don't know what propinquity is? It is a noun meaning nearness in place, especially personal nearness. In other words, it's the same thing you see going on in the hallways every noon-hour. So now you people who practice propinquity know the proper word for what you are doing. Isn't that thrilling?

and the WORLD Smiles with YOU!!

Even though it is nearing the end of this six weeks, we should all smile. Even though it is nearing the time when the report cards are given out, we should all smile. Even though we have had to leave our joyful school for snow vacations (yay!), we should all smile.

Did you know that when you smile, you use up less energy than you do when you frown? Maybe that's why Mr. C. y is tired all the time. Anyway, just imagine this: if everyone smiled, they would save all sorts of energy and would not develop an incurable disease caused by frowning. .namely wrinkles!!

So smile and look years younger!!! Who knows? You might eventually pass for a fifth grader!!

Feature Story:

THE BLOODY TRUTH

Oh, ouch, my finger! I'm bleeding to death! This was just one of the many cries echoing from the Biology room 4th hour every day last week.

The Biology students are once again performing experiments--the topic of exploration this time?--the cell. In studying different types of cells a certain amount of equipment was needed, such as: a microscope, a glass slide, a cover slip, and various stains and solutions, and of course the material containing cells. This all sounds very simple, but Tuesday the race was on to get to the microscope cabinet first or get the best slide and cover slip. (Luckily they weren't studying the human toe!)

Everyone was required to make six different slides. The first slide was an onion epidermal cell. The trick to making this slide was to get a very thin piece of the onion wall. However, no matter how hard I tried, the smell managed to come along with tissue thin material. (In fact the whole room was beginning to need a package of Certs!)

The next slide was to contain the mouth epithelial cells. The technique for making these slides is very simple.

Step 1: Pick up a tooth pick.

Step 2: Place the tooth pick in the hand and scrape the side of cheek (inside of cheek, of course)

Step 3: Wipe all of this wonderful material onto a slide. (cont. pg 3 col 1)

Cont. from Pg. 2 col 2 FEATURE

Step 4: Place just one drop of methylene blue solution and add the cover slip. This stains the cheek cells a beautiful blue along with all of the ten finger tips. Step 5: Remember to throw away the tooth pick before someone else uses it!

Another intriguing slide to observe was that of a frog's muscle. Of course the muscle doesn't jump from the frog to the slide—a little coaxing must be done. For some girls who were not fond of dead frogs this muscle extracting was somewhat difficult. After most brave souls had picked apart a small piece of the frog's muscle, the exciting task of mashing it like a potato began. Two minutes of faithful "mashing" produced crushed frog muscle.

The most exciting slide views were those of the human blood cells. The first order of business in preparing this slide was the picking of the human finger to receive human blood. (There were several students who were too chicken to pick their fingers. In this case—to save on smelling salts—these students found "Blood Donors." (What are friends for?)

Each student prepared the blood slide and asked Mr. Hondorp to view it. After viewing one student's slide, he asked, "Are you sure you don't have leukemia? I don't see any white blood cells!"

These slides of the blood cells showed differences between students. Our instructor stated this as: "Those students who get proper rest, food, and fresh air have many white

(Cont. from Col. 1) FEATURE

blood cells who will fight off disease germs. But, you certainly can tell those people who run around at night and stand in line to hear Dionne Warwick at CMU. They might have a more exciting life, but their blood needs Geritol."

If you are in doubt as to whether or not you have leukemia or iron poor blood the 4th hour Biology Class will gladly pick your finger full of hoess, prepare a slide, and give you our confidential diagnosis.

Junior High Band Festival

The Junior High Band Festival, held here Saturday, March 6, was a success. The bands played as close to the schedule as could be expected. Ratings ranged from 1 to 4 with our own band receiving a two rating.

The band boosters did very well making a profit of approximately \$500. A meeting was held by the band boosters Wednesday, March 17, making plans on how to spend their money.

FRENCH CLUB

The French Club held a meeting, March 5, and decided to have a French Club banquet some coming Tuesday. No date has been set. The French III class is planning to prepare a French dish for the banquet... So come prepared.

GOLF

Mr. Z. says that the golf squad will start practice next week some time. They will practice either in school or out-side. We wish them good luck throughout the season of '71. 12 students signed up.

Cont. from pg. One

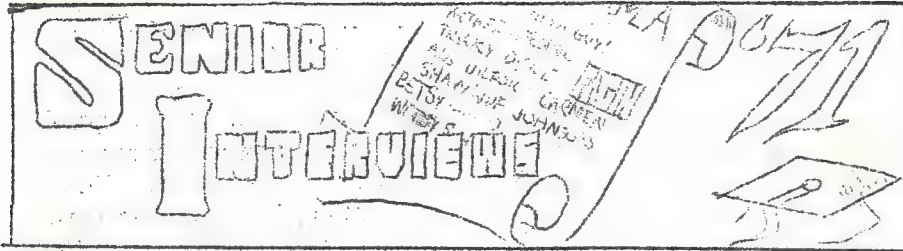

The second place winners from Lakeview were Kathleen Jones, Brenda Howe, Brenda Schultz, and Judy Mitchell in Solo Twirling. Seconds in Basic Strut were Sue Pool, Sharyl Bucholtz, Jami Larsen, and Brenda Schultz. Kellie Large, Kathy Stine, Liz Dietrick, and Jannean Warner received seconds in Military Strut. In Fancy strut, winners were Brenda Schultz, Jannean Warner, and Penny Gummer. Second place best appearing were Karen Buskirk, Teresa Mitchell, and Dolinda Riley. Also, Both of the Dance Twirl Teams received first places.

An overall attendance was approximately 200. This event lasted from 10:00AM until 4:00PM. Food was served by the Lakeview Womens Club. The Lions Club had the pop corn booth and the Girl Scouts cleared and cleaned the tables.

FHA

The ham luncheon served by the FHA was a success. The buffet style luncheon was served last Saturday to band directors, judges, and their wives during the junior high band festival.

The staff would like to express their appreciation to Mr. Jonaitis, Mr. Boyd, Ric Moblo, and all others who helped us with our sports * news throughout the year. *

UWS meets this Sunday

Interview with

MR. KALIN

In case you haven't noticed, Mr. Hondorp has had an assistant working with him. Since he didn't get interviewed when he arrived here, we are interviewing him now.

Mr. Kalin had done many things including working in a steel mill and working for the Conservation Dept. After he completes student teaching at Lakeview, he will return to Ferris State College. He says, "Ecology is what I'm really interested in but I also like teaching Biology."

According to Mr. Kalin he found it busier and harder working here than he had expected. At first, he was bothered about maybe not being able to communicate with high school students after being away from them so long, but the kids were better than could be found at some other schools. On the whole he said, "I feel I didn't do as well as I hoped but I think I did make progress."

ECOLOGY

con't from pg 1 col 1
 class trying to show, they had various answers. "To show us parts of the United States and how they are getting polluted." Ecology involves Biology, Conservation, Meteorology, Zoology, Botany, Sociology, Psychology, Politics, Economics, Education, Geography, Geology, Chemistry, Physics, and Physiology." A more pessimistic view was: "Ecology is just a growing fad."

March 25, 1971

LEAGUE DANCE to be HELD

In October of last year the President of Saranac's Student Council sent a letter to Lakeview and the other members of the Tri-Central league proposing that, at some time during this year, the schools sponsor a dance exclusively for the schools in the league. All the schools were responsive to the idea, and meetings were set up for the planning of the dance.

Each school in the league pledged \$200. to cover the cost for the dance. A lot of the money was meant to secure a name band, and also a second band. With a possible crowd of 800-1,000 people, a place to hold the dance was a problem. No high school in the league has accommodations for such a large group. The Palladium at Crystal and the Armory at con't. pg. 3, col. 3

CLASS to have "Impossible Dream"

On March 28, Miss Hooper's 3rd hour English Comp. class is going to the Civic Theater in Grand Rapids to see "Man of La Mancha."

Last semester Miss Hooper took her Comp. class to see "Black Comedy" when it was playing at the Civic Theater. This semester it was decided worth the time to repeat the trip. The class is looking forward to Sunday night and "Man of La Mancha."

Calendar

Fri. Mar. 26- GAA P.J. party at 9 p.m.
Wed. Mar. 31- GAA

WORD of the WEEK

What makes you feel pugnacious? Do you feel pugnacious when Mrs. Rutledge tells you that your interpretation of the poem is wrong? Perhaps you feel pugnacious when a friend says that Michigan State's football team can beat the University of Michigan's any day! Do you feel pugnacious when someone uses a word which you don't understand?

Thanks to Miss Hooper, pugnacious is one word which you will not have to become pugnacious over. Miss Hooper supplied pugnacious as the Word-of-the-Week.

PUGNACIOUS-pug na' shus-adj.- means inclined to fight, or quarrelsome.

Miss Hooper becomes pugnacious when a student throws gum wrappers on the floor, thus contributing to con't. col. 3

MATH-SCIENCE CLUB

The Math-Science Club met Tuesday, March 23, after school. Linda Behrenwald explained to the group such topics as the galaxies, planets and the stars. The planet discussed first was the one being closest to the Earth-Mercury. Myths of how the stars are related were often humorous and interesting. Linda showed the group a model of the moon pointing out the names of places that are very similar to our mountains. The orbits of the astronauts were introduced into the presentation.

The Ferris Field Day is approaching and the fearless five have sent their names including what they wish to participate in.

the world's pollution. Does she feel pugnacious when an anonymous student writes on her blackboard?

EDITORIAL: DON'T COMPLAIN ABOUT LUNCH

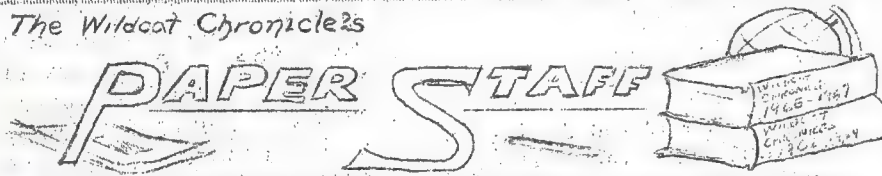

Many students of L.H.S. have done alot of complain-
ing about our school lunch period. Some of them don't
like the Class A meal and some of the students don't
like the Ala Carte.

The Class A meal is a meal very hard to prepare for
the Student body. With over 700 students it's hard to
make a meal to suit everyone of them. That's why the
Cooks try to make something to suit most of the kids.

The Ala Carte is made for the students that don't
want to eat the Class A meal. It has hamburgers,
hotdogs, different kinds of sandwiches, salads, and
puddings. Many kids say that the hamburgers have
oatmeal in it. That is not so. If you would like
bigger hamburgers you would just have to pay more for
them. As soon as the rest of the equipment is hooked
up the Cooks will try to improve the Ala Carte.

There is alot of work put in fixing a meal for you
students. So I hope the students would think twice
before complaining.

MORE STRANGE CREATURES:

THE WALKING PENCIL HOLDER (Gotta Lotta Graphite)

This creature can be
found almost anywhere; in
the halls or in the class-
room. Its identifying trade-
marks are pockets bulging
with writing utensils and
from which the sound of
clanging pencil lead is
heard. It has special
growths on the ends of its
fingers that are magnetic
to any form of pencil lead.
To further supplement this
creature's supply of im-
plements, it has no less
than twenty boxes or so of
crayons, pencils, etc.,
hidden away in its locker.

Should this instinct of
the WALKING PENCIL HOLDER
to collect these writing
implements continue, there
may soon be a shortage of
them, thus giving them a
monopoly on the pencil
market.

THE TRAVELING LIBRARY (Bookus All-Overus) or (Marshae Frantsanaeus)

During school hours, this
creature appears no differ-
ent than any of the others.
Only before and after
school does it show its
true colors. The way it
then displays its charact-
eristics is by the number
of books it carries to and
from the bus. These books
usually total the entire
number owned by this crea-
ture, plus a few that be-
long to the library (not
to mention those belonging
to fellow creatures). Even
though the presence of these
books should indicate a
great deal of studying, it
is not usually the case.
They seldom do little more
Con't. on Pg. 3, Col. 2.

TRACK

The L.H.S. track team is working hard each night after school in preparation for their first meet with Montabella. It is April 5th, at 4:00 on the L.H.S. track.

GAA

The GAA is having their annual P.J. party this Friday, March 26. Girls are to report to the gym between 9 and 10:00. All the equipment will be out for the girls to use and loads of fun for all.

5 STRANGE CREATURES

con't. from page 2
than gather dust in front of the TV. The life expectancy of this creature is very short, for it usually dies of a severe hernia.

THE HOME EECHEER (Burnae-Sic Tummus)

The HOME EECHEER is found, of course, in the Home Ec. room. It is extremely notorious for its burned bacon burned fried eggs, burned roast beef, burned waffles and pancakes, burned aardvark ears (even though it is well known that aardvark ears are not the easiest thing to cook), and burned boiled water. If it works extremely hard, it can manage to smoke out all of the termites and students in its school.

(con't col. 3)

from col. 2
This creature's wish is to give the world indigestion while it stuffs everyone with onion pie and pickled humble-bee toes.

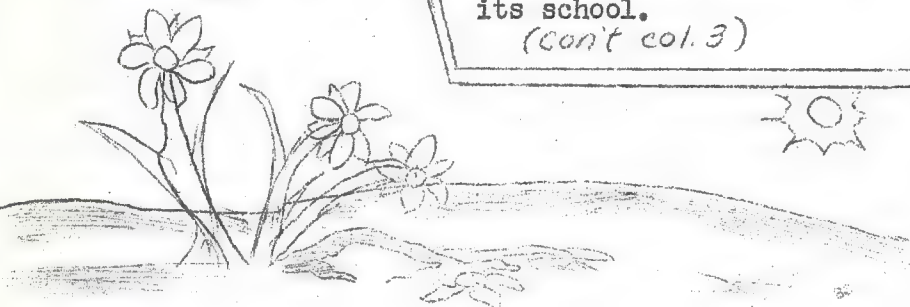

Dr. B. Eddy Nilsen

Dr. Eddy Nilsen

con't. from page 1 col. 1
Greenville were possibilities.

Final plans for the dance are now set, with the date next Saturday, April 3 from 8:30-12:30 at the Armory. "The Ormandy," sometimes rated the best band in Michigan is the first band, backed up by "The Marx." Food will be available at the dance, tickets are \$2.00 per and will be sold only to a student attending a school in the T-C league, and can be purchased in advance only.

POET'S CORNER

She's like a freshly bloomed flower in the morning sun,
Covered with dew, it looked cold, but as
the day goes on I become warmer toward it,
for it possessed warmth and life.

I'm afraid to touch it, in fear of
harming something God spent so much time on.
Maybe it's meant for me, Perhaps I am made for her.
I can't live on maybes and dreams that one gets bored with.

I remember other such flowers I've picked,
and eventually they died.

I won't pick it now I'll just wait until
tomorrow to see if it's as pretty as today.
Who knows, it may already be picked, when I return.

But as I turn around, I see
a windblowed field full of 'em and
surely they won't be all picked.

April Fools, 71

THURSDAY, MARCH 25, FIVE
STUDENTS--STEVE ABBEY, SAN-
DRA HOUGHTON, SHERRYL BEH-
RENSWALD, KATHY MCKELVEY,
and JANE KINSEY--attended
a Business Symposium held
at the Congregational
Church in Greenville. Re-
presentatives of five
schools were present with
the attendance reaching
160. The program was spon-
sored by the Chamber of
Commerce.

The guest speakers gave
opening speeches, with
Mr. Noel Black from the
Amway Corporation acting
as moderator. Mr. Webster,
President of Holly-Gill,
Inc., spoke to the group
on business and govern-
ment. He was followed by
an excellent speaker from
MSU, Mr. Leland Bassett,
who discussed the rela-
tionships between business
and social change. A lo-
cal businessman, Mr. Beb-
son, concluded the first
part of the program by dis-
cussing business and pro-
fit.

The rest of the program
was devoted primarily to
group-panel discussion.
Refreshments were pro-
vided for all in attendance,
as well as a fine lunch.

(cont. from col. 1)

was awarded Best Defensive
Player. Darrell Stevens
than presented Mr. Bachman
an award from the team.

Final awards were hand-
ed out by the Varsity BB
coach, Mr. Mount. Carmen
Johnson and Larry Goulet,
both managers, received
certificates. The remain-
ing 14 members received
certificates. Mike Lind-
sey, a junior, received an
award for All-Conference-
Honorable Mention. Bob An-
dresen, a senior, received
(cont. pg. 6)

THURS. APR. 1-APRIL FOOLS
at 8:00 p.m. in Middle
school gym
FHA April Fools Pizza
Party at 5:30
Mon. April 5-Track here
with Montabella at
4:00
GOLF at Trt. C. at 4:00
Tues. Apr. 6-French Club
Dinner at 5:30
Wed. Apr. 7-Golf here with
Montabella at 4:15

At 2:15 p.m., March 26, the LHS students assembled
in the gymnasium to observe the handing out of the Na-
tional Merits Scholarship Test Award and athletic a-

wards.

Mr. Cady recognized and
presented Linda Behrenwald
with a certificate for be-
ing one of the National Fi-
nalists in the National
Merit Scholarship Test.
Fifteen Sr. band members
were then recognized for
their years of service in
the band. The Pep Band
was also recognized. Con-
nie Carrick and Rosemary
Robinson were recognized for
their services on the Var-
sity cheerleading squad.

Wrestling awards were
presented by Mr. Boyd to
the 10 team members. This
is the first wrestling
team and they competed in
3 matches. There were 6
lettermen. To receive a
letter at least 1 match
must be won. Bob Bowser,
a senior here, won the
League Championship and
Steve Abbey, also a senior,
won the League Heavyweight.
Mr. Jonatis presented
the Freshman basketball a-
wards to 16 boys.

Mr. Bachman was next
with the presenting of a-
wards and certificates to
14 guys and manager, Cogle
Hall. Bill Ruble, a so-
phomore, was named most
improved. Roger Stillson

SPRING HAS SPRUNG!

While roaming through the halls every school day I have noticed an acute disease. A doctor might call it GNIRPS TEVEF, or in common terms, SPRING FEVER.

I have observed symptoms of the disease in such comments as, "I hate this snow I can't stand to wear these boots another day!" These people not only talk about the weather but they are ready to do something about it--annihilate all TV weather men! Of course, there is always a snowmobile enthusiast who wants more snow--if his snowmobile has not broken down yet.

I have also noticed the beginning of Spring Sports at LHS. The track boys are practicing in the mud. After feeling the cool after noon breezes and tramping through the mud, the boys are sent indoors to run through the halls or jump over hurdles. If any other students stay after school for a meeting the probability of getting trampled and receiving mud prints on their backs is great. However, with such dilligent practice our track team should be tremendous this spring.

Another sign of Spring is student day--dreaming. The Seniors are counting the days, hours, and minutes until they are at last graduates. The Juniors are counting the time until they are mighty Seniors.

Signs of Spring can be found in the committees

con't pg 3

col. 2

SPARKY H. L. K. T. H. & B. N. T.

B. N. T. P. A. Y. C. H. K. M.

DDDD
M. N. P.

The Track team is working hard to get in shape for the track meet with Tri-County this Thursday, April 1.

The stronger runners are: Don Kohl and Wendell Martin in the two mile. In the mile are: Charlie Chapin and Gordy Olsen. Matt Marshall and Jon Comden in the 880, Marty Marshall and Kevin Custer in the 440, and Dan Nelson and Bob Anderesen in the dashes.

In the field events we have Marty Marshall and Ricky Bucholtz in pole vault and Gary Nielsen and Bob Guthrie in shot put.

P. A. T. A.

The L.H.S. golf team has been practicing in the school. Mr. Z. says that "The golf match for Monday will probably be postponed to a later date." Seniors on the team this year include Dan Comden, Al Charnley and Bill Kruger.

Y. Y. A. H. H. A. C.

The first year F.N.A. girls have been holding bake sales every Friday for the benefit of the Bruce Fields family. So far they have reached \$100.

The second year F.N.A. girls served at the Coronary Care Luncheon on March 17th at the youth building. Also, they put on a skit for the Hospital Guild on how to care for a patient.

R. A. C. R. N. T.

Baseball has had about two weeks of practice now and has now 11 or 12 players. Pitching for them possibly are Dick Guthrie, John Garcia, Rick Moblo, John VanVlerah, and "a host or others" as stated by Coach Wood. Also, this year's schedule is the largest in Lakeview's history. The 1st game is April 13 at Saranac and the second is April 16 at Portland.

Mr. Wood made a personal request to the sports writers to make it a sunny spring!

L. N. T. H. N. T. X.

It's time for cheerleading tryouts again. The girls will practice Wed. March 31 and Thurs. April. Then they will have tryouts Tues. April 6.

The girls will be required to do three sidelines and two cheers. They can also do a handspring or a roundoff or the splits.

A. N. T. K. < M. A. T. I (cont)

that are beginning to work on plans for the grand occasion of the Prom. Girls are dreaming of who will ask them to go or what they will wear. The boys have not really thought much about Prom as of yet! (Sorry Girls.)

It has been said that people act more foolish in Spring than any other time of the year. As everyone knows, today is April Fool's Day, and since Spring started 11 days ago, the time is right for symptoms of G. N. I. R. P. S. REVEF (Spring Fever at LHS).

-M.J.F.-

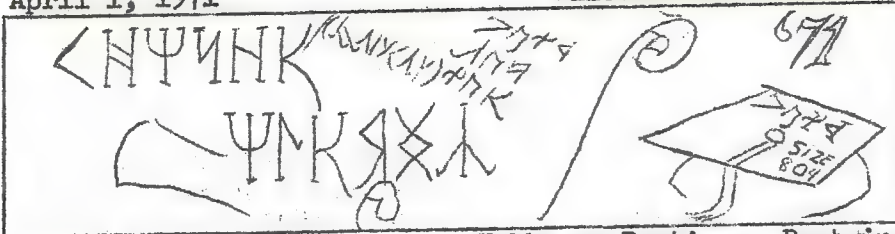

The Lakeview Bands will be performing their annual Spring Concert this Friday, April 2, beginning at 8:00 p.m. The concert will be held in the Middle School gym with admission 50¢ and 25¢. The 6th grade band will start the program, followed by the Junior High Band. The High School Band will perform last, playing such songs as "Love Theme from Romeo and Juliet," "Blue Bells of Scotland" with a baritone solo by Dan Kinsey, "Gaslight Gaeties" (a medley of four old-time favorites), and "Lassus Trombone" which features our trombone section. The program will be taped by WPLB and the broadcast will be Sunday afternoon at 4:05 p.m.

B. 30. E. H. H. B. O. O.

Do you like the way the world is today? If not, why don't you do something about it? Why not march for hope?

Pastor Anderson of tru-fant is given the credit for getting the whole thing started. Students going on this are to get other people to pay them a certain amount of money for each mile they walk. This money will then go towards building schools overseas.

All this will take place at Greenville High School April 17, at 8:30 A.M.. The hike will start there and then go to Belding and then back to Greenville. If you are interested in this, contact Barb Stine and she will give you more details.

COME TO THE BAND CONCERT

FNA GOES to FERRIS STATE

The first year FNA classes went to Ferris State College last Monday afternoon for a tour of the health education classes. The girls were driven to Big Rapids by Mrs. Grassley, Mrs. Paulen, Mrs. Gummer and Mrs. Molitor. The tour took them through the nursing department plus the dental, X-ray technician, and dietary and optical departments. The girls were shown the many different kinds of wounds that could be inflicted on a person and how to treat them. The guide explained in detail the procedures necessary in taking an X-ray. The classes viewed many instruments and equipment that is unavailable to our hospital. The girls enjoyed it and got a better idea of what a large hospital is like and also the wide variety of courses available at Ferris State College.

The FNA is looking forward to the State Convention, April 21-23 at Western Michigan University. Three delegates from the Lakeview Chapter will go along with Mrs. Darrow and Miss Freeland. The girls, in the meantime, have planned a bowling party to be held next Tuesday night April 13, at the Greenville Lanes.

Thurs. April 7-Track here with Portland at 4:15
Fri. Apr. 8 -No School!!!
Sun. Apr. 11-Easter Sunday
Mon. Apr. 12 -Track here with Carson City at 4:15
Tues. Apr. 13-Baseball at Saranac at 4:15
JV Baseball here with Saranac at 4:15
Wed. Apr. 14 -Ellafrits-Cafetorium, Little League at 7:00
Golf-Portland
GAA at 6:30

FRENCH CLUB

The French Club met Tuesday, April 6, at 5:30 p.m. for a pot-luck dinner.

The Club is planning to go to the Ember's Restaurant in Mt. Pleasant for an elaborate dinner in May. To raise money for the group to attend the Ember's, they are having a bake-sale next Tuesday noon, April 13.

Everyone brought a delicious plate of food and the French III girls prepared a French casserole for the group. The Club sang French songs after eating.

SENIORS C I.T.&T.

Last Friday, the Senior government classes were visited by a representative from I.T. & T. (International Telephone and Telegraph). He began his speech by impressing upon the Seniors the vastness of I.T. & T. and its corporations, which include Wonder Bread, Hostess Twinkies, and all Kellogg's cereals.

The main part of his lecture was "propaganda" to try to convince seniors that if they wished to have technical training, I.T. & T. is the best spot to get it. The company has training schools in a number of large sites in the Mid-west and East. In these schools, a student not only obtains the necessary training, but also receives a college education. pg. 3

LEAGUE DANCE at GREENVILLE

On Sat. April 3, students from the schools in our league went to the Greenville Armory to listen to the Maxx and the Ormandy. The Maxx played from 8:30 to 10:30 and then the Ormandy played from 10:30 to 12:30. Students didn't support the band well enough so the turnout wasn't at all what it was expected to be.

POET'S CORNER

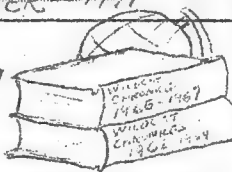

The prejudice is piled
in your mind so high
you've never been able to think.
And even when someone
is unusually kind,
you'd rather think they stink.

Why is that so?
Is he mean or cruel?
Or is it that he's black?
Maybe he's poor
and can't afford
a brand new Cadillac.

You narrow-minded
mass of conceit.
Have you reached your height of contempt?
Why don't you sit
And think of the things
And all of the blessings God's sent?

AN EASTERLY FEATURE STORY
GO EAST, YOUNG MAN!!

Each year on a certain Sunday, many homes come alive with the patterings of little feet to and fro at about 5 am. It isn't Christmas, so it must be Easter.

The patterings (a grand understatement, for the plaster usually starts separating itself from the walls) then, would be the younger jet-set searching out the celebrated Easter eggs left by the even more celebrated Easter bunny. Now, mind you, this is the EASTER bunny I'm talking about, even though the word bunny might bring to mind another thing which is found in certain unknown magazines and night clubs. But that would be thinking in too broad a term.

Now, when the whole house has been firmly shaken off its foundations, the parents arise and stalk out of their rooms like zombies (after all, it is five a.m.) just in time to see Junior looking under Grandma's Tiffany glass lamp for Easter Eggs. After the broken glass is cleaned up, Junior's explanation would probably be, "That ol' Easter bunny has been hiding them eggs in some pretty strange places lately." He'll get a spanking anyway.

After the eggs have all been found (there are always a few to remain undiscovered, and do eventually turn up by word of nose), the yearly round of questioning begins:

"Does the Easter bunny lay the eggs?"

"No."

con't on pg. 3, col. 3

SPORTS with JON & CHARLIE

Track

Last Monday night the Lakeview track team beat Montabella by a score of 89-29.

The team took 12 firsts and 7 seconds. The placers were: Bob Guthrie-1st and Gary Nielsen-2nd in the shotput. Matt Marshall 1st in the long jump. Bob Andresen-1st, and Ricky Bucholtz-2nd in high jump. Carmen Johnson 1st in pole vault, Matt Marshall 1st, Jon Comden 2nd in the 880, Dan Nelsen 1st in high hurdles, Ron Waite 2nd in the mile, Bob Andresen and Bob Guthrie tied for 1st in the 100, Jerry Barnard 1st in the 440 running it in 55 seconds, Wendell Martin 1st in the two mile running it in 10 minutes, 54 seconds, and Gordy Olsen 2nd, Bob Andresen 1st and Bob Guthrie 2nd in the 220, and Lakeview took both relays.

The next home meet is today with Portland at 4:00 -no charge to get in, so come and watch!

Baseball

The L.H.S. baseball team has been practicing for two weeks. They have been practicing in the gym preparing for their first game with the Saranac Redskins. The team is led by veterans Paul Fitzner, Dave Keyt, Doyle Rill, and John Garcia. They will play a total of 18 games. Coach Wood is expecting a good season this year.

Golf Meets

This week the first two golf meets were scheduled, but because of conditions they were both cancelled. The boys continue to work as other meets are approaching.

There are about eight participants this year in golf. They are earnestly whacking whiffle balls in preparation for their first game. A Milestone was reached when Senior Dan Comden put a whiffle ball on the roof.

Cheerleading Tryouts

Tryouts for cheerleading were held Tuesday after school. The girls were required to do Go Fight Win, Hey Cats Fight and three side lines. They were also allowed extra credit by doing either a hand spring, roundoff or splits. There were 26 girls that tried out for J.V. and 11 for Varsity. The judges were Mrs. Skorka, Mrs. Moore, Mrs. Stephen, Mr. Mount, and Mr. Jonaitas. Congratulations to the following: Cindy Stout, Karla Johnson, Jackie Drain, Gloria Shaw, Ann Pontius, and Sandy Neilson for making J.V. Varsity cheerleaders are: Penny Gummer, Jackie Leonard, Jackie Bennett, Rosa Garcia, Michelle Jourdan, and Mary Moblo.

cont'd from page 2
"Does he buy them?"

"No."

"Does he steal them?"

"No."

"Well where does he get them then?!!?"

Naturally, the average parent doesn't know the answer to this, since every time the Easter Bunny stops by, he never tells them where the eggs do come from. But after much research (from MAD, Captain Johnny Whiz-bang, Flash Gordon, Ouija board, etc.) and answer has been found!! They are not really eggs after all?? They are merely rejected popcorn balls from the Home Ecch room!

But Easter is one holiday that doesn't stick out by itself, for there is always Good Friday! And what things you can do on a Good Friday! You can go swimming and catch pneumonia, you could fly a kite, or maybe even start cleaning house for those nosey relatives that usually stop by on Easter.

Peat Erkot Intale

P.S.: Contrary to popular belief, this feature story is NOT the bomb involved in the little dealy last Tuesday.

SENIORS
cont'd - page 1 - col 3

sary book-learning, but receives on-the-job-training. He ended by stating that a number of students from Lakeview would be accepted in these schools and he urged that anyone interested should speak to him.

VALEDICTORIAN-SALUTATORIAN ANNOUNCED

Linda Behrenwald, daughter of Mrs. Leona Behrenwald of Lakeview will be Valedictorian for 1971 with a GPA of 4.00 for the first 7 semesters of High School. She has always attended LV School, is Sec-Treas for the French Club, works as assistant librarian to Mrs. Kos. Linda is a finalist in the Nat'l. Merit Qualifying Test last year, is a member of Math-Science Club, has been an alternate member of the Student Council, and class treasurer. She has special interests in physics and astronomy. Her hobbies are piano playing and horseback riding. Linda is a member of the Asbury Methodist Church, and is president of the MYF. She plans to attend CMU & major in physics and Math.

Sandra Saltz, daughter of Mrs. Verna Saltz of LV is Salutatorian for '71 with a GPA of 3.82 for the first seven semesters. She is a page editor for the school paper, has participated in four operettas and directed children's chorus, and has been cast in two school plays. Sandra has also been a member of FBIA and Annual Staff. She enjoys working with people, and sewing among many other things. Sandra plans to attend the School of Education at CMU this fall.

Besides the Valedictorian and Salutatorian, the class of '71 will have 20 honor students having at least a con't. col 3.

CALENDAR

Thurs. Apr. 15-Track here with Saranac at 4:15
Fri. Apr. 16 -BB at Portland at 4:15
Sat. Apr. 17 -BB at Greenville at 10:00

Wed. Apr. 21 -FFA Banquet Golf-Saranac GAA

ASSEMBLY HELD THURSDAY

Thursday, April 8 the track and golf teams were introduced to the student body during the afternoon assembly.

Mr. Zawadzinski introduced his squad and then, Dave Hawley, Alan Charnley, Kim Peterson, and Nate Goolsby demonstrated how to drive the ball.
con't. col. 3

FERRIS YOUTH SYMPHONY BAND

Tim Cook, Dan Kinsey, Paula Butler, Carmen Johnson, Donna Hubbard and the other sixty-some members of the Ferris Youth Symphony Band will be taking off next Wednesday for the annual tour of the band. They will meet at Morley-Stanwood High School at 9:00 for their morning concert, and will then go to Mason County Central High School for lunch and an afternoon concert.

B average. They are: Margo Ackley, Sherryl Behrenwald, Sandra Houghton, Betsy Shaw, Dan Large, Steve Abbey, Larry Goulet, Carolyn Burns, Tim Cook, Lloyd Eall, Greg Bunce, Paula Butler, Raylene Basney, Dave Kraft, Sue Hutson, John Collins, Gary DeGram, and Gary Green. Also doing honor work are our exchange students, Ed-da Binder from Germany, and Kati Spasova from Yugoslavia.

con't. from col. 2

Mr. Skorka ended the assembly by introducing the track team.

POET'S CORNER "REALITY"

Reality,
Where does it begin,
In a crowd,
In a crowd's loud din?
When alone
In your silent room
Does it flood your mind
Make you swoon?
Can you escape it,
make it vanish,
When it doesn't fit,
In your world,
So private; counterfeit.
Where does it end,
in your mind,
can you make it bend?
What can you achieve
by twisting reality
Into make believe?

La Feature Story [The Feature Story]

Les Jeunes Filles dans la
Classe de Francais
(Girls in French III Class)

Parlez-vous français?
(Do you speak French?) If
you do, you may have noticed
or heard about the last
hour French III Class.
There is something quite
unique about this class--
it contains only seven girls
(The class of every boy's
dream.)

Three years ago these
seven girls were students
in Mrs. Gregg's much larger
French I class. As a class,
they learned to count, tell
time, and talk about the
weather and their families.
These conversations, of
course, were all spoken in
French. (Not always perfect
French, however.)

When these same girls
joined thesecond year French
Class of 15 students, they
began a serious study of
French grammar.

Seven of these girls
wanted to continue studying
a third year of French.
The class has been rather
different from the classes
of the previous two years.
The students still learn
more of the fundamentals
of grammar and try to memorize
lengthy conversation.
The girls have read Around
The World In Eighty Days
and part of Les Miserables.
The texts are all in French
(Not a word of English anywhere!)
The books are interesting,
but the girls sometimes
realize that if they do not
look up an unknown vocabulary
word, they get a different
interpretation of the story.
The girls have also studied
French history and often
Con't. on Pg. 3, Col. 1.

SPORTS with Charlie-Jon & Jake - Henny

Track

Last Friday the Lakeview track team was defeated by Portland 64 to 54. In the meet Lakeview took 5 firsts and 7 seconds. They were Bob Andresen 2nd in the high jump, Mike Kamp 1st in the pole vault, Matt Marshall 1st and Eldon Young 2nd in the 120 high hurdles, Don Kohl 1st and Wendell Martin 2nd in the two mile, Bob Andresen 1st in the 220. Lakeview won the mile relay with a record time of 3:44.

MATH, Science

The Math and Science Club met at a new time-- 6:00 p.m. --last Tuesday night April 13. After the meeting was called to order by President Lloyd Ball, Bob Bowser presented the program.

Bob lectured on the subject of Linear Congruences. We had prepared this lecture for the Mathematics Field Day at Ferris State College, last April 1. All the club members were very impressed and interested in Bob's presentation.

Track Wins

Last Monday night a track meet was held here with Carson City-Crystal. The weather was cold, but our team was really hot and beat C.C.C. by a score of 78-40.

(cont. col. 2)

(cont. from col. 1)

Gary Mielsen and Bob Guthrie tied for 1st in the shot put. Other first place winners for L.H.S. were Mark Olson in the Long Jump, Bob Andresen in the High Jump, Mike Kamp in the pole vault, Ron Kinsey in the 120 yd. High Hurdles, Bob Guthrie-100 yd. dash, Dan Nelson-180 yd. low hurdles.

Others on L.H.S. team who placed were Eldon Young Marty Marshall, Charles Chapin, and RIC Bucholtz.

One of C.C.C.'s men is worthy of note here too, Mike Burns ran the 880 in 1:57.2. the 440 in 52.8 and his leg on the mile relay in about 51 seconds. For you readers that are a little bit ignorant of track speeds, this is a very fast man, just ask any L.H.S. track member!

Baseball!

Last Tuesday the baseball team played Saranac at Saranac. Because of conditions, this was the first time on a diamond for our boys. Even so, they lost a real close game 6-5. Dick Guthrie went the distance pitching. When asked for a reply, Coach Wood said, We played a good game but they (Saranac) just had too many men on base.

sing French songs.

Of course a class of seven girls would not be complete without a little feminine chit-chat. They indulge in such intellectual conversations as, world politics, the school system, French cooking, mystery stories, and finally the topic of conversation sometimes changes to BOYS!

When they are not engaged in intriguing conversations, they are learning some German words from one student who studied most of the French language in her native country of Germany. If the girls are not learning French or German, they are searching the room to find their books. It isn't Mrs. Gregg who hides the student's books, it is our German exchange student. When Edda has that mysterious giggle, the other six classmates cry, "Edda, where did you put my books this time?"

The Seven's latest adventure was in the art of French cooking. One of the girls chose a yummy sounding recipe and all decided to make the casserole for the French Club supper. They worked hard at their cooking. The opinions of the dish were varied, but the casserole dish was empty after the supper.

Les Jeunes Filles dans la Classe de Francais enjoy their study. Don't you wish you were in a class of seven Beautiful, French-Speaking girls?

LAKEVIEW-210
Portland-168

Name: Daniel Kinsey
 Birthdate: Aug. 17, 1952
 Fav. Song: "Blue Bells of Scotland"--Arthur Pryor
 Fav. Personality: Ronald McDonald
 Fav. Pastime: Reading
 Fav. Place: Interlocken
 Pet Peeve: The sign of the traitor (the peace sign)
 Future Plans: Attending the Grand Rapids School of the Bible and Music
 Most Cherished Possession: My Bible

FBLA Convention!

Early Saturday morning, 2 seniors and 2 juniors left for Central Michigan University to attend the State FELA Convention. We arrived there, paid our dues, and became acquainted with the campus grounds.

At the convention students compete in the various business skills, such as Bookkeeping, Speech, Parliamentary Procedure, Manual Typewriting, Electric Typewriting, Vocabulary and Spelling. None of us had gone to an FBLA convention before but we soon found out what it was like. Because of our small number, Lois Rentshler and Debra Carlson entered in spelling as a 3 team while Sherryl Behrenwald and Jane Kinsey competed in bookkeeping. The next hour Lois was in electric typewriting and Deb was in manual typewriting. Sherryl was a contestant for Miss FBLA. Jane, Deb, and Lois then entered vocabulary.

In the afternoon we had 2 hours of free time before dressing for the banquet. Mr. Zawadzinski found a soft chair while Mrs. Hachman took the girls uptown to shop.

The banquet was great! We were served baked potatoes and sour cream, peas with mushrooms, and roast beef. For desert we had "warm" (cold-much to Mr. Zawadzinski's disappointment) apple pie. After dishes were cleared away, con't. pg. 4

"Itchicoo Park"

Senior Alan Gorby may be on his way to a career as a playwright after his play "Itchicoo Park" has been viewed and approved by critics. Alan's play is one of 14 written by Miss Hoopfer's 2nd semester English Comp. students. Miss Hoopfer selected Al's to be dramatized by the class and will be presented con't. pg. 3

April 23, 1971

Apr. 29, 30, May 1
8:00 PM OBLIVER

This year the Lakeview Operetta Company will be presenting "Oliver!", their 14th show in the last 12 years. It will be performed on April 29, 30, and May 1st at 8:00 p.m. in the Lakeview High School Cafetorium. There will also be a matinee at 1:30 on May 1st for all children. Tickets will be sold at the door for 75¢ and 50¢. Reserved tickets for night performances can be purchased from Operetta members for \$1.50.

The musical "Oliver!", written by Lionel Bart, is based on the novel Oliver Twist by Charles Dickens. It centers around the life of a young orphan boy, Oliver, who joins a den of thieves in 19th century London.

30 Miles for HOPE

In case you've been seeing some kids at school that are walking stiffly & softly this could be your answer. Saturday, April 17, the walkers started out in one big group at 8:15 a.m. from the Greenville High School. The weather was misty & chilly but a good con't. pg. 3

Poetry 12:21?

Her tears blew up a summer storm,
And deep inside I felt all warm, because that
Showed She cared.
This Pencil writes but can be broken,
And she believed in things unspoken,
. . . . Was that right?

I don't care today because She's dead,
The night did Slay Her in her bed;

As salty and peppery as it may seem,
I've still got just one big dream.

That on a clear moon lit night,
I'll be able to hold that certain someone tight,
And Hope we will be made for Life.

--ERNIE--

APRIL FOOLS DAY

On April Fool's Day (or The First of April, whichever you prefer), a group of five eager (?) and able (??) Lakeview High Students fell out of their beds in anxious anticipation (???) of the Annual Ferris State College Mathematics Field Day (known by friends as AFSMFD). So that you don't have to scrouge out an old newspaper to find out the names of these ambitious intellectuals, here they stand: LuAnn Ball, Bob Bowser, Gary Green, Dan Large, and Your S. Truly.

The quintet arrived at 9:00 a.m. and found their way to the Green Room, which was of special interest to Gary. After a wonderful speech where everyone in the auditorium caught up on lost sleep, our school's group was divided up to go to the various activities. This story will follow the plight of Mr. Truly.

After being seated in an unassigned seat, the instructor popped a question that really blew everything, which was: "Which division are you in? Division I is for schools with ratings A or B, and division II is for schools rating C or D." Being the intellect that he is, good ol' Your took division II.

Then he was hit with the questions:

- (1) How big is a \$1 bill?
- (2) How high is up?
- (3) How much is Kool-Aid per pound?
- (4) How now brown cow?

Mr. Truly had as long as he wanted to answer these questions. . . providing it wasn't more than 15 seconds. Con't. on Pg. 3, Col. 3

Sports

with Charlie & Jon
Jake & Henry
Senior Tea

Thursday, April 15, an assembly was held. Larry Goulet presented the League Baseball Trophy, won by the 1970 baseball team to the school. Mr. Cady announced that plans are being made for another trophy case to be built outside the gym. The case will hold the state trophies and the latest trophy earned at that time in any sport. Also, the Varsity Baseball players were introduced by Coach Wood and Coach Boyd introduced the Junior Varsity. The students were then excused.

Last Thursday, the track team romped over Saranac with the score 106-12. The Cats dominated all the way, leaped off to a 30-6 lead at the end of the field events.

The firsts and seconds are as follows: Guthrie and Neilsen in the shot put; Andresen and Bucholtz in the high jump; Kamp and Johnson in the pole vault; Young and Marshall in the 880 run; Kinsey and Neilsen in low hurdles and high hurdles; Chapin and Waite in the mile; Guthrie and Andresen in the 100 and 220; and Martin and Kohl in the two-mile. Martin ran the two-mile in 10:41.7 to break the school record, only to have it broke again by Kohl on Monday.

Monday night, approximately 35 out of 50 senior girls attended the Senior Girl's Tea put on annually by the Lakeview Women's Club.

To start off the evening, Mrs. James Kos introduced each senior girl and stated her future plans. Mrs. Mel Molitor read the Club Collect and Mrs. David VanVliet gave the Welcome. Dan Kinsey played 2 baritone solos accompanied by Miss Claudia Curp on the piano. Dr. Julia Henkel who teaches Literature at the Grand Rapids Baptist College, was Guest Speaker. She spoke of her experiences in Europe where she and her husband did their post-doctoral research at Oxford.

Refreshments were then served while the girls chatted amiably with mothers and friends.

Monday the track team had little with Vestaburg, pulling a 96-22 victory. They again got 1st in 12 events and swept 4 events. Also, 3 school records were set. Barnard set a 440 record at 52.7, Chapin with a 4:55.9 in the mile and Don Kohl a two-mile record of 10:35.6.

1st and 2nd's are as follows: Guthrie and Neilsen in shot put; Olsen and Young in the long jump.

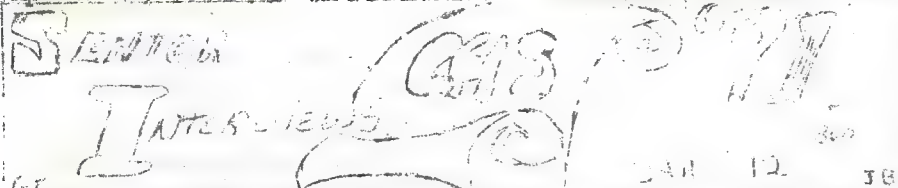

M-M-Goood!!

The FHA girls served the delicious supper at the FFA banquet last Wednesday night, April 21.

Con't from Pg. 1 col. 3
third hour Monday.

"Itchicoo Park" is a 3-act play based on the story "A-town and B-ville". It tells the story of two different towns having similar problems with unemployment, and the solutions they found. The entire class participates in the acting, (with the exception of director Al) with Bob Bowser and Doyle Rill starring as the old men, Tim Cook as relief investigator and Mr. Goldstein, Connie Haenlein as the Governor, Bob Anderson and Jerry Kirshman as 1st and 2nd aldermen, with other parts filled by Mike Towns, Mike Gorby, Paula Butler, Steve Chapin, Sonja Morgan, Rick Sorenson, and Bill Kruger.

day for walking. The smarter kids were armed with canteens. The only water along the way was when people would bring water out to the walkers. There was also a restroom along the way equipped with oak leaf toilet paper. In spite of the hardships, app. 236 kids made all 30 miles with the first boy, Chris Nelson (16), at 4:10 P.M. The oldest person who walked it was Sam Sage, 65. The youngest girl & boy were Betsy Stine & Kevin O'Brien. The last person arrived at 11:30 P.M., only because they fell asleep at one of the food stands. It was found that the lowest amount per mile was 4¢. Carrie Stine & Ann Pringle, showing great skill in Arithmetic, figured there's app. 2,000 steps to a mile. Multiply that time 30 and you've got sore feet, the same as most everyone else who did it!

FEATURE STORY CON'T

After all this fun, what wouldn't be nicer than a nice, hot, FREE lunch? There were open face beef sandwiches oozing over with gravy, ice cream, cake, brownies, mashed potatoes, apple sauce, all REAL FOOD. Imagine...a cafeteria with real food.

After Mr. Truly had eaten, the games commenced. He had signed up for "HEX" (a game he had never played in his life). Naturally he lost in the first round. But there was a consolation: losers could watch "Donald in Mathematicland."

While absorbed in this film of master intrigue, Your was joined by fellow brains to prepare to part: which they did.

If you are interested in the results, Lakeview ran off with tenth place (even with Mr. Truly there).

--Your S. True-Lie

con't from pg 1 col .
 the winners were announced. Lakeview came home with a 3rd in Bookkeeping and a 2nd for the largest chapter attendance!???

Next year we hope to come home with the most awards. All we need are more people. Are you sure you can't join??

SOPHOMORES GO TO M.C.C. for CAREER DAY

Thursday, April 22, Career Day was held at M.C.C. for the Sophomores from Lakeview, Central Montcalm, Montabella and Vestaburg. To start the morning off we went to Central Montcalm where we listened to two speakers from M.C.C., Mr. Olson and Mr. Mullien. After the speakers were finished we were loaded back onto the buses and taken to M.C.C.

There were two classes scheduled for the morning and we were dismissed for lunch about noon. Some of us ate in the lounge where food was served and others who carried their lunch ate outside. The rest of the lunch period was spent walking around campus and meeting other kids.

We attended three more classes after lunch and then arrived back at L.H.S. in time to hold out class meeting.

Many students were pleased with Career Day. They thought the choice of classes was good because it covered a large area of possible future careers.

FFA Banquet

Last Wednesday April 21, the Future Farmers of America held their annual banquet in the High School Cafetorium. Foundation awards went to Mike Peterson for star farmer, Craig Chapin for star greenhand, and Greg Johnson for crop production. David Kraft got the award for dairy, Mike Peterson for livestock, and Brian Moser for placement. An award for placeman sales and service went to Steve Poulson. George Rader received an award for soil and water management and Kendell Martin one for Fish and Wildlife management.

The award for top beef went to Lee Frandson. The dairy award went to Greg Kraft, Top Swine to Greg Johnson, Beans to Don Kohl and Jeff Hansen, and Potatoes to George Rader.

another canoe trip down the Muskegon River on Saturday, May 8.

The program was presented by Gary Green. He talked about electricity, electrical circuits-series and parallel circuits, and Ohm's Law.

POET'S CORNER

Here I stand with dull knife,
that flashes in the shadows cold.
Pare on the street my sad heart does beat.
This heart so lonely and for its age old.
Here I stand with my salvation in hand,
Is there no better way, I think.
How else can I get the money for
The stuff my body wants to drink?

Did it for kicks isn't that funny!
My pupils are dialated,
My arms hurt from the needles honey.
Its cool, that's what he stated.
Just try one man! Get high and fly!
So, I took it and was fasinated.

My parents say I'm just a bum,
Oh, they tried at first to help me.
Dad with his glass of beer or rum.
Sitting with his cigar in hand,
Would tell me not to be so dumb.
That I would just create a habit,
By shooting stuff and taking tablets.

So here I am with knife in hand.
Hoping I won't have to use it.
How long must I go on this way,
Until my body drops and decays?
From that bitter honey heroin,
I fear I am trapped.
I will never win.

-DEBBIE GAGE-

FEATURE STORY

THE MAKING OF THE WILDCAT PAPER

Many of you readers have probably wondered from time to time how "The Wildcat Chronicle" is produced. The Staff does admit that there are a few mistakes sometimes, but much hard work does go into printing our school newspaper. This is the story of the lives of the students who are members of the Paper Staff.

The battle cry of our Editor is "The Chronicle must be printed---on time I hope!" Madame Editor assigns certain members of (cont. col. 2)

the staff to write those very interesting articles that will make up the week's Paper. The Editor posts the assignment sheet on the bulletin board, where she hopes it will catch the attention of the Staff members. However, it is amazing the number of Paper Staff members who walk blindly past the bulletin board. Suddenly it dawns on them Monday afternoon or possibly Tuesday morning, they have not as yet learned of their particular assignment. Most Staff members manage to scribble out the assignment on a scrap of paper (cont'd. col 3)

(Contd. col. 2)

and put it in the box by Wednesday morning. (assignments are due Tuesday noon, Oh well, no one is perfect)

Wednesday night after School, page editors, feature writers, artists, and some typists make their exodus to the Typing and Paper Staff Room. After gossiping and eating candy bars or pop for half an hour, these industrious people begin their work of producing the paper.

The first order of business is to check the assignment sheet to see if everyone had handed in his assignment. After checking the list, the Production Staff finds an average of three stories missing. (This creates a HAPPY Editor!!)

The next job is to type the assignments which were not typed when handed in. The Page Editors begin the job of laying out their page. Usually this poor soul finds that one of the major stories of his page is missing. This unhappy person is then delegated the task of writing the story! When everyone is ready to lay out his page the cry is heard, "Where are the scissors and Tape?" Since there is only one pair of scissors and one roll of tape, this makes for interesting lessons in sharing.

When the Page layout is completed the page editor begins to type it on a stencil. This is done quite efficiently, however, there are often a few unkind words between the typewriter and typist when the typewriter makes mistakes.

The artist then adds the finishing touches to the stencils by drawing the attractive headlines.

(cont. page 4. col. 3)

JPAKX

SPORTS!!

JV BASEBALL

The J.V.'s extended their winning streak to 3 games. This was also Dave Vavlerah's third win. He scattered six hits.

They came from behind in the 7th to beat them. They had a good defensive game except for the 1st inning, when they committed three errors. Also, Coach Boyd commented that they left very few runners on base, which they hadn't been doing lately.

VARSITY
BASEBALL

The Cats get 3rd win in a row by defeating Montabella 2-1. Dick Guthrie got first RBI, Dick also collected hits. Then in the fourth, Pitcher John Garcia, who only allowed 1 hit, got the game winning hit to drive in the last run. Dave Keyt got another strike out and error to extend his streak to 5 straight games to aide to his bid for league's MVP.

The golf team's match with Tri-County Tuesday was cancelled because of rain. Their next match is with Montabella on Thursday.

TRACK

Last Thursday the Lakeview track team had a meet with Central Montcalm. Lakeview lead most of the way, but when it came down to the final score, it was Central Montcalm 61 and Lakeview 57.

Placing for Lakeview was Bob Guthrie in the shot put, Mark Olsen second in the long jump, Bob Andresen second in the high jump, Mike Kamp first, and Marty Marshall second in the pole vault. In other events, Young was first in the 880, Ron Kinsey was second in the high hurdles, Charlie Chapin was first, and Ron Waite was second in the mile. Also, Barnard placed first in the 440, Kinsey second in the long hurdles and Wendell Martin was first in the two mile. Gary Nielsen second in the shot put, Mark Olsen second in the long jump, Bowser tied for second in the high jump, Marty Marshall second in the pole vault, Young second in the 880, Dan Nelson second in the high hurdles, Charles Chapin second in the mile, Matt Marshall second in the 440, Hillman second in the low hurdles, Dan Kohl second in the Two Mile, and Lakeview won the Mile Relay.

(from pg 1 col. 1)

Esther Troupe, attended the convention along with Mrs. Darrow and Miss Freeland, advisers. The outstanding features of this 25th Annual convention included a speech by Mrs. Lenore Romney, a performance by the State FHA Choir, and a solo by Mrs. Lindy Rich. New state officers for the 1971-72 year were elected.

The next chapter meeting will be after school on May 4. Officers for the coming year will be elected.

GAA

The G.A.A. has been very active lately. Girls who are interested in golf are now taking lessons and soon will be going out to the range to play games. Another activity in the process is a camping trip near Cadillac. This will take place May 15 and 16.

A playday was held at Mt. Pleasant the week-end of April 16. This playday was set up for future physical education teachers. Attending this playday were Shannon Woods, Marilyn Main, Rosa Garcia, and Mrs. Moore. A banquet was held Friday night, followed by a performance by the gymnastic teams at Central. Saturday there were a variety of sports offered in which the students could participate in. These sports included golf, judo, swimming, archery, fencing, and field hockey. After attending three of these classes, we all visited the cemetery!! After all these activities, we were all ready to come home.

SENIOR INTERVIEWS

Name: Thomas L. Rausch
 Birthdate: July 30, 1953
 Fav. Song: "Me and You" and "Good Loving"
 Fav. Personality: Bronson
 Hobby or Pastime: riding cycles
 Fav. Place: at the beach

 Fav. Place: Interlocken
 Fav. Person: Claude and Gummer
 Hobby or Pastime: trying to get skinny
 Pet Peeve: State Cops
 Future Plans: 1 year at M.C.C., LPN and 1 year at Ferris RN
 Most Cherished Possession: a certain verse

Name: Elton J. Schermerhorn
 Birthdate: October 14
 Fav. Song: "Ride Captain Ride"
 Fav. Personality: Mr. Swift
 Hobby or Pastime: Roller skating and bowling
 Fav. Place: Crystal Roller rink
 Pet Peeve: Linda Kaston
 Future Plans: Draftsman
 Most Cherished Possession: my roller skates and my bowling ball

Name: Betsy Shaw
 Birthdate: May 29, 1953
 Fav. Song: "Timothy"
 Fav. Personality: EC, AH
 Fav. Place: Mexico
 Fav. Pastime: Reading
 Future Plans: CMU then Vista or Peace Corps
 Most Cherished Possession: My memories, hopes, and friends

Name: Donna Lee Sherman
 Birthdate: Nov. 10, 1953
 Fav. Song: no special one
 Fav. Person: Little Vining
 Hobby or Pastime: being with Mike
 Fav. Place: anywhere as long as I'm with Mike
 Pet Peeve: friends like Troupe
 Future Plans: work and marriage
 Most Cherished Possession: Mike and my diamond

Name: Jeffrey Lee Smith
 Birthdate: Feb. 20, 1953
 Fav. Song: "Stay Awhile"
 Fav. Personality: John Kerry (Head of the V.V.A.W.)
 Hobby or Pastime: Finding people over 21

Fav. Place: At a party, any party
 Pet Peeve: People who call the State Police on you
 Future Plans: Work or college
 Most Cherished Possession: My friends

Name: Francine Arlene Troupe
 Birthdate: June 24, 1953
 Fav. Song: no special one
 Fav. Place: anywhere I'm comfortable
 Fav. Pastime: having fun
 Fav. Personality: Roy Clark
 Pet Peeve: Donna's boyfriend
 Future Plans: Elementary teaching
 Most Cherished Possession: memories

FEATURE STORY

con't from pg. 2

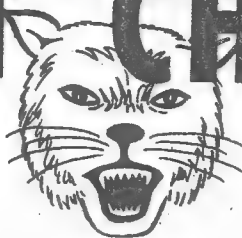

This whole process all sounds very simple, but for some reason stencils are finished mid-Thursday morning. This allows about an hour for running off the different pages. This is usually frantically done during third hour. The pages are hurriedly stapled together (a possible solution to the question--Why does page 4 follow page 2?) However, if all goes well, the very efficient salesmen get the paper to you hot off the press.

This group of people has a tremendous amount of fun. There are also great fringe benefits. For example, the Staff members receive FREE "Wildcat Chronicle" every week and they listen to Chipmunk music on Wednesday nights.

Wouldn't you like to join the 1972 Wildcat Chronicle Paper Staff?

FNA GOES TO MT. PLEASANT

Wednesday, May 5, the first-year FNA students, the two exchange students, our teacher, Mrs. Paulen, the director of nursing, Mrs. Grassley, and various other persons in the form of a couple of senior FNA girls went to the State Home and Training School in Mt. Pleasant.

We left Lakeview about 10:45 and arrived in Mt. Pleasant about 11:45. We then proceeded to go to the Burger Chef to eat. When we finally left that life-saving establishment, we traveled to the home where our guide took us to a gymnasium. Here we observed the therapy for mentally retarded children. After touring several wards, we clambered aboard our bus and returned to Lakeview only to discover that our buses had left and we would have to hitch-hike home. Oh well, sore feet don't bother us anyway, do they girls?

FRENCH CLUB

On April 29, at a noon meeting, it was decided that the French Club would be going to the Embers in Mt. Pleasant on Tuesday, May 18. Approximately 40 French members will be going. All those participating must have their dues paid by the 18th, so, get your \$1.00 to Linda Behrenwald.

ACADEMIC BANQUET to be held

The Academic Banquet will be held May 13 at the Lakeview High School. This includes all juniors and seniors who have obtained a 3. average or above. The welcome will be given by Mr. James Wood and Master of Ceremonies is Mr. Mike Hon-dorp. The invocation will be given by Rev. Rill. Linda Behrenwald and Sandy Saltz will be responsible for the presentation of awards. Dr. John Uantis, guest speaker, will speak on "Maturity and Success." This banquet is sponsored by the Lakeview Education Association and the Board of Education.

FHA SELLS COOKBOOKS

The FHA is having another money-making project. They are selling cookbooks, each for \$3.50. Each cookbook is devoted to one area of cooking such as salads, desserts, casseroles, vegetables, and meats. These are only a few of the cookbooks you can choose from. If you would like to buy a cookbook, contact Mrs. Darrow, Miss Freeland, or any FHA member. con't. pg. 4

CEDAR CHESTS PRESENTED

Following the tradition of past years, Lane Cedar Chest miniatures were presented to the 51 1971 Senior girls on Wednesday during second hour. The girls were bussed to Beaches downtown, were presented their gift chests, enjoyed con't. pg. 4

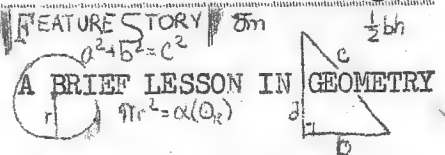

The RIGHT PERSPECTIVE

"Dear Mother and Dad,

Since I left for college I have been remiss in writing and am sorry for my thoughtlessness in not having written before. I will bring you up to date now, but before you read on, please sit down. Okay?

Well, then, I am getting along pretty well now. The skull fracture and the concussion I got when I jumped out of the window of my dormitory when it caught on fire shortly after my arrival here is pretty well healed now. I only spent two weeks in the hospital. Con't on Col. 2

and now I can see almost normally and only get those sick headaches once a day. Fortunately, the fire in the dormitory, and my jump, was witnessed by an attendant at the gas station near the dorm, and he was the one who called the Fire Department and the ambulance. He also visited me in the hospital and since I had nowhere to live because of the burned out dormitory, he was kind enough to invite me to share his apartment with him. It's really a basement room, but it's kind of cute. Con't on Pg. 3, Col. 3

For the benefit of those who are in Algebra I and intend to take Geometry next years, and for those now in Geometry and are still uncertain as to which way is up in that class, this story is written to make these people more enlightened, brighter, and confused.

Geometry's foundation is the point (get the point? ha-ha...ahem). Naturally, nobody can see a point, so nobody can tell if a point is round or square. But since a square peg won't fit in a round hole, and since a round peg is much nicer than a square hole, (unless you happen to be a square peg) the geometers decided to have a round point. Here is a point:

Pretty, isn't it? But of course you can't see it, silly!

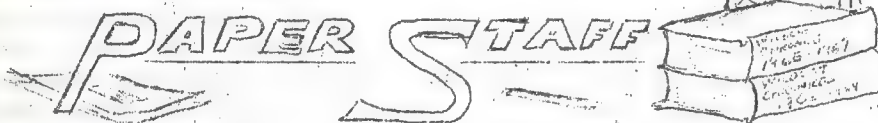

Now, then. With two of these points, you can draw a line. Here is a line:

Don't squint too hard. If you can't see a point, why should you be able to see a line? You readers expect too much!

For many years, the poor point and line were not allowed to have much of a say about anything. If the point wanted to be square and the line wanted to be curly, the geometers would all stand up and shout in unison, "Not in MY house, you don't!"

Ah, but in 1850, the lines and points all got up in disgust and left, Con't. on Pg. 3, Col. 2.

SPORTS

WITH GENNY & JUKE

GOLF

Last Friday our golf team was defeated by Montabellayella, 159-196. The meet was at Birchwood. Curt Dishong and Kim Peterson were top players for Lakeview.

CATS PLAY CENTRAL MONTCALM

Last night the Cats traveled to Central Mont- and took the game by the score of 3-1. Garcia was the winning pitcher. Dave Andresen collected 2 hits and Dick Guthrie got two RBI's.

Toward the middle of the game the two Lakeview stars, Dave Keyt and Doyle Rill, collided for the big error of the game. This error helped extend Keyt streak to 8 games, as he continued to make the hit for the league's Most Valuable Player.

CATS PLAY FULTON

The Cats entertained Fulton and lost by the score of 5-3. Fulton had three runs and scored on 3 consecutive errors by Dave Keyt, Mike Lindsey, and Dick Guthrie. Paul Fitzner drove in the runs for the Cats.

The players would appreciate more support from the Student body at their games.

(cont'd. pg.2. col 3.)
and the world's mathematical situation was on the rocks (also in that same year, the liquor situation was in a bad state of affairs, and the world's whiskey was on the rocks, but that's another story).

The points and lines then formed a union, which became known as the point and line union. This is why you may have heard the term, "The union of two lines." In this case, however, it means that the two lines are married and are due to have a little segment running around the house.

Then came the trouble of intersections. Since the points were now round or square, two points could not intersect. Scientists laboured on a solution for minutes at a time. They finally said it was impossible and called it the empty set. But, ho-ho! You can see an empty set of two intersecting points even if you can't see the points! Here is an empty set:

\emptyset or $\{\}$

These wondrous little symbols were found on a writing pad of a math teacher who had gone mad and had doodled himself to death.

Now with this glorious information boring a hole through your head, you can easily see why the little acorn said, "Geometry!"

when he grew up.

Dr. A.R. Normal, PhD, MD,
AAA, SST & LS/MFT

-Om-

(cont. pg. 2. col 3)
He is a very fine boy and we have fallen deeply in love and are planning to get married. We haven't got the exact date set, but it will be before my pregnancy begins to show.

Yes, Mother and Dad, I am pregnant. I know how much you are looking forward to being grandparents and I know you will welcome the baby and give it the same love and devotion and tender care you gave me when I was a child. The reason for the delay in our marriage is that my boy friend has a minor infection which prevents us from passing our pre-marital blood tests and I carelessly caught it from him.

I know that you will welcome him into our family with open arms. He is kind, and although not well educated, he is ambitious. Although he is of a different race and religion than ours, I know your often expressed tolerance will not permit you to be bothered by that.

Now that I have brought you up to date, I want to tell you that there was no dormitory fire, I did not have a concussion or skull fracture, I was not in the hospital, I am not pregnant, I am not engaged, I am not infected, and there is no boy friend in my life. However, I am getting a D in history and F in Science and I want you (cont. pg.4. col3)

HOME EC. Presents First Fashion Show

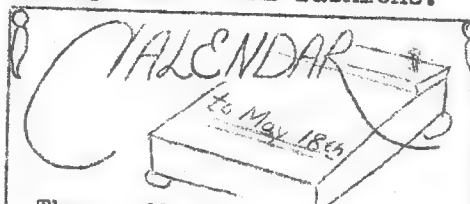

Everything was beautiful last Tuesday night as the Home Economics classes presented what they hope to be the first annual fashion show. The program was divided into two categories, spring and fall fashions. Becky Nelson and Sandy Nielsen narrated the first half of the show; the last half was narrated by Lois Rentschler and Karen Hansen. Vicki Kohl accompanied the narration on the piano. There was a brief intermission for a change of scene during which Miss Judy Hubbard sang the theme song, "Everything is Beautiful." The show was open to the public and refreshments were served afterwards.

HIGH SCHOOL

Pre-Enrollment

Pre-enrollment for high school students will begin next Monday evening May 17, in the gym of the new high school. The ninth graders will assemble there at 7:15 P.M. followed by the Seniors at 8:00 P.M. Because of curricular changes particularly in English and Home Making we are asking parents to come in with the student to meet the teachers and learn about the revised class offerings.

Students will in most cases make out their own schedules somewhat like it is done for college enrollment next col.

The Juniors will come in Wednesday, May 19, at 7:15 and Sophomores at 8:00 P.M. Parents are invited and urged to accompany the students.

LIBRARY CLUB trips to MILWAUKEE

Last Friday morning most of the students of Lakeview were still asleep, fifteen library assistants and three chaperones left for Ludington. We boarded a boat there at about 8:30 A.M. The trip over to Milwaukee took six hours. During that time, the fifteen were kept amused by card games (Crazy Eights?), songs from the operetta, and the various acquaintances we had made. Everyone took a trip up to the bow of the ship. However, because the crewmen were painting, this vessel was left with a "1971" and footprints in the wet paint.

Arrival in Milwaukee waters was somewhat disappointing for we then noticed all the dead fish floating on the top of the water. The smoke from the stacks tempted us to sound off on the pollution kick.

We had chartered a bus and then proceeded to the Horticultural Domes of Mitchell Park. This consists of three domes filled with the plants of the different environments. One is the desert, one the jungle, and the last of the good old American plants.

POET'S CORNER

Prescription for Taint Hearts

Are you pale, tired, always afraid?

Do you feel distress when eating

Your own fears?

Or when others are not eating?

Have you tried yogurt, yogi, blackstrap

And blaming all blacks

And reds?

Does the price of war?

Then keep following their simple directions:

Vitamin A wise man asks no questions.

Vitamin B careful we are watching.

Vitamin C no evil

Vitamin Despair is the only answer.

Take daily until

Dead.

-George Penner

REJECTA-----What?

Since there are only twenty-one days of school left, this writer decided to conduct a vocabulary survey to see how knowledgeable LHS students are.

Choosing a word was a rather difficult process. One night I sat down with a huge dictionary and started leafing through the pages for the right word. I started my search in the letter P which later led to Q and finally R. After half an hour's search, I found the appropriate word, ---rejectamenta---.

The next day I asked several students what they thought the word rejectamenta meant.

The first person I asked said, "It sounds like a polite word for a 'Dear John Letter'."

Another stated, "A disease of the mind. A tiny worm found in the lower part of the brain causing a person to lose all common sense. (This is very common in Advanced Algebra students)."

"A guy who doesn't want to get smart." was another student's reply.

The comment of one student was, "Rejectamenta is the affliction of the Candy Machine at least 90% of the time. It 'rejects' any coin which is not an nickel."

One person said, "Rejectamenta is a feeling you get when you tell an off color joke and find out that a teacher is listening."

"Rejectamenta is telling a girl that you like her and you find out she is going steady." was one boy's reply.

The last interviewed student said, "Rejectamenta con't. on Pg. 3, col. 3

CHAMPION

(cont. from col. 1)

record breaking time of 10 min. 21.8 sec.

Our track team had a meet with Chippewa Hills Monday. The final score was 66-52. Lakeview the winner. Firsts for Lakeview were Young in the Long Jump, Dinsey in both High and Low Hurdles, Chapin in the Mile. Lakeview won the 880 yd. relay. Kamp tied with Bentley of C.H. in the Pole Vault.

Seconds for Lakeview were Guthrie - Shot Put, Olsen - Long Jump, Young - 880 yd. Run, Waite - Mile Run, Kohl - 2 Mile Run, Andresen - 220 yd. Run, Nelson tied with Compson of C.H. in the High Hurdles.

Two records were broken Monday. Wendell Martin now holds the 2 Mile at 10:31.9 Jerry Barnard bettered his own time in the 440 yd. run The record now being 52.6. Remember the TCAA League Meet at Lakeview Fri. nite.

Friday night, Lakeview was host to the League Track Meet. Portland and Central Montcalm tied for first place. Lakeview placed third, Carson City came in fourth, Fulton was fifth, sixth place was taken by Montabella, and Saranac placed seventh.

Lakeview took only one first place, which was Mike Kamp breaking the League record with 11 ft. 10 3/4 in.

Taking three second places were: Nelson in the high hurdles, Jerry Barnard in the 440, Wendell Martin (cont. next col.)

Lakeview took seven third places. Bob Andreson took the high jump, Bob Guthrie in the shot put, Ron Kinsey took the high hurdles, Don Khol placed in the two mile, and Lakeview took third in both relays.

Those men who took fourth places were: Rick Buchlotz in the high jump, Marty Marshall in pole vault, Charlie Chapin in the mile, Ron Kinsey in the low hurdles.

Lakeview took two fifth places: Gary Nielsen in the shot put, and Ron Waite in the mile.

TRACK!

Last Monday afternoon, the Lakeview Track Team had a meet with Greenville. Although the team put up a good fight, the lost 52 1/2-62 1/2. Lakeview took five firsts: Bob Guthrie in the shot put, Mike Kamp in the pole vault, Jetty Barnard in the 220 yard dash and the 440 with a time of 51.9. Lakeview also came in first in the 880 relay.

Last Tues. the Baseball team won a game against Portland, 4-2. Rick Moblo was the winning pitcher. He now has a 3-0 record. Mike Lindsey had a triple, a double; and Doyle Rill had a triple.

The FHA had a meeting Tuesday, May 4, after school. They made plans for the slumber party and the initiation Friday night in Mt. Pleasant.

They also talked about their pot-luck that is going to be held Monday, May 17. The FHA girls are also selling Cookbooks at \$3.50 a book.

(Feature Story Continued.) is the feeling you get after you hand in a quiz and you see the teacher reading it and frowning!"

These meanings were perhaps logical, but they were not exactly correct. The dictionary meaning of the word rejectamenta is, "things thrown away as worthless or useless." Some things that could be classified as rejectamenta are the old ripped lunch sack, those million papers in the Algebra book, and for some it might even be last weeks report card!

No one wants a life that is a rejectamenta. If you are a senior, work diligently these next 21 days and make the decisions about your life seriously.

Oh yes, remember not to make those Semester Exams rejectamenta! Don't let that "tiny worm" attack your brain.

LIBRARY TRIP

(cont. from Pg. 1 col 1)
There are only a few of these domes in the United States today. After a half hour of observing the floral surroundings we then left for the Milwaukee Zoo.

We were expected to see all the animals on that 30-acre plot in one hour so we scurried off in our groups. The "GREAT GRAND-DADDY" sea lion and the huge, vicious gorilla fastinated us the most. Many of us had never seen the giraffe or kangaroo before. We were greatly surprised at the open building in which we were to view the many birds. Only one of the librarians had brought something to protect his head. Lucky him!

The bus then took us to a large shopping mall—larger than any of the ones in Grand Rapids. We ate supper and shopped till the stores closed at 9:30 p.m. Four taxis picked us up to take us to the boat docks. If you have never rode in a taxi before, you have missed quite an experience. They went 65 in a 45 speed limit zone and failed to stop signs. The one driver said that stop signs didn't mean anything.

We waited at the boat depot for about two hours. This proved to be the dull-est moments that we had to go through. After boarding the new (?) boat we persuaded the Steward to give us a tour of it. We were shown a plaque that was an award of safety. The date on it was 1849. We also found out that the ship was not really delayed because of the necessity to
(cont. in col. 2)

(cont. from col. 1)
repair a hole in the side of it. Unfortunately, we only got as far as the galley for we had gone without food for too long.

Some of the kids slept on the way back to Michigan. Others stayed up and rendez-voused with some new friends. One girl found an unknown relative also traveling.

Everyone had to stir off their night bed (a chair unless you were lucky and fought for the sofa) at about 6 Saturday morning and gather their belongings. We climbed into the cars and slept most of the way home. We were exhausted, but had obtained more sleep than the two chaperones who had stayed up all night to sure there was no "monkey-shine."

If you would like to all this fun practically free, join the Library or Audio Visual Club next year and get in on the action.

Banquet

held Thursday

Mr. Wood welcomed the parents, students, teachers, and guests to the second annual academic banquet. Mr. Hondorp, Master of Ceremonies, announced that Rev. Rill would give the invocation preceding the meal. The cooks and hostesses were introduced and thanked for their assistance. Everyone, then, enjoyed the delicious meal. Then Linda Behrenwald, valedictorian, and Sandy Saltz, salutatorian, were introduced. Following the introductions, the honor students were awarded with special academic awards. Dr. John Yantis was introduced as the guest speaker. He presented a speech on "Maturity and Success." Mr. Hondorp closed the program by thanking all those who participated.

JUNIOR-SENIOR
Prom

Last Saturday, the Junior-Senior Prom was held in the high school cafeteria from 8:00 to 12:00. All of the past week many devoted juniors worked to design and construct the decorations for the Prom. Some of them stayed Friday night until 1:30 making the final touches for Saturday night. The theme was "Tropical Twilight." The band, "The Tonics," was very good. Refreshments of punch and cookies were served. A few parents

All Sports Banquet TONIGHT

Morley Fraser will be the guest speaker at the all sports banquet to be held this Thursday night.

Morley Fraser, football coach, baseball coach, and associate professor of physical education at Albion College, has made achievement the hallmark of his career. Fraser interrupted his undergraduate work at Washburn University during World War II to enter military service. Joining the Navy as an apprentice seaman, he rose to the command of the U.S.S. LSM 433. Upon terminating his naval service he returned to Washburn, where he received his Bachelor or Arts degree in 1947.

Twirp DANCE

Daizy Mays ask your little Abners to the Twirp Dance!! There is no need to even dress up. Just wear your old grubby blue jeans or cut-offs.

This all will take place Friday, May 28, in the cafeteria, from 8:30 to 12:00. It will be a record dance and is sponsored by the G.A.A.

POET'S

C

O

R

N

E

R

Why is our earth
A wonderful earth
So badly beaten
By man's careless work?

He tries to make
Machines for man
But what he does
Ruins the land.

If man could live
His life today
Without SST's and DDT's
It would free our world
Of all disease.

Help us, God,
In all our needs
To free us from
A land of these.

The Wonder of Time

One of the most prevailing thought on student's minds today is time (mainly because there are only fifteen* days left of school). Even as you are reading this, time is passing that will never come your way again. Just think...if you saved all this time by not reading this story, you could be doing something useful.... like watching television.

When man developed an intelligence and realized that he was getting on in his years, he felt that he had to have something to keep himself occupied, so he built machines and sundials and other mechanisms to be able to tell how old he was, and thus be able to determine at what time he should start to feel miserable. It may be interesting to note that before clocks were invented that persons who were 86 years old didn't know that they were 86 years old and could care less....they were too busy chasing girls. Simply mind over matter, see?

The first method that man used to tell his age was by counting the number of days that he had witnesses. So now that 86 year old man was 31,390 days old (Not including leap years, eclipses, and blizzards). Now don't tell me that if you had to say you were 31,390 days old that you wouldn't start to feel old. This explains the lack in number of the 86 year old men around today who were born 5000 years ago.

SPORTS

ANOTHER CROOKED LINE

Last Friday, the Lakeview varsity baseball squad was defeated by Carson City by a score of 10 to 1. Carson City jumped out to an early lead with the help of Lakeview errors. John Garcia started pitching for the Wildcats. He was relieved by Rick Moblo and Dick Guthrie. Lakeview committed 19 errors. The only run was driven in by Doyle Rill in the first inning.

Tuesday night the Varsity baseball team lost to Montabella, 7-4. Dave Andresen had the most runs batted in with 3 as his total. Dick Guthrie, Mike Lindsey, Paul Fitzner, and John VanVlerah each had one error. All in all it was a fine game, but we would like to see more home runs.

Last Friday the Varsity Baseball team lost a tough one to Big Rapids, by a score of 9-5. Rick Moblo suffered his first defeat, so his record now stands at 3 wins and 1 loss.

The Kittens went out on the field Friday to win, and they did. They defeated Carson City 8-7. The Kittens were hot in the first inning scoring five runs. Stinks comment on this was simply, "Good." The Kittens then scored three runs in the fourth.

con't from col. 1

Carson City scored five runs in the seventh, but not enough to win.

Dave Van Vlerah was our star pitcher and top scorer with two points. The runs were divided among most all. Nick Helms and Don French both has a triple, and Stevens, and Jensen hit a double.

Of course there's the rest of the team and Coach Boyd that makes a victory.

GOLF

Our golf team spent last Friday participating in the Regional meet at White Lake golf course, which is near Whitehall. This consisted of 4 members of the team: Bruce Ackley, Nate Coolsby, Kim Peterson, and Curt Dishong. They played 18 holes. We tried our best and came out with a 406 total.

Track

Our track team went to the State Regional track meet Saturday. It was a warm but windy day so the times were not the best. Placing for Lakeview was Mike Kamp, in the pole vault with a tie for third place at 12'4". Ron Waite placed fifth in the mile with a time of 4:58.

Fraser - cont'd.

Fraser's coaching career began in 1949 at Newberry High School in Michigan's Upper Peninsula. Here again success marked his stay in Newberry, as he guided his squads to a three year record of no defeats by stringing together 24 consecutive victories. In 1951 his Newberry team won the state championship. In 1952 Lansing Eastern High School inherited Morley Fraser's phenomenal teaching talents. His two years at Lansing Eastern saw the school's gridiron squads move from last place to third and second places in the 5-A League. In 1954 Fraser completed graduate work at Michigan State University and received his Master of Arts degree. That same year he accepted the position which he now holds, head football coach for the Albion College Britons.

Feature Story Cont.

Nevertheless, the system of determining your age by days does indeed have its advantages. Namely, it's easier to lie!! Instead of telling everyone you can tell a little fib and say 14,700 or maybe even get away with 13,500! Who can know what possibilities that this can bring...obviously to the female gender (or to possibly a 6,570 day old who would rather remain an even 6000 days for a while. 1-A anyone?

MATH-SCIENCE Club

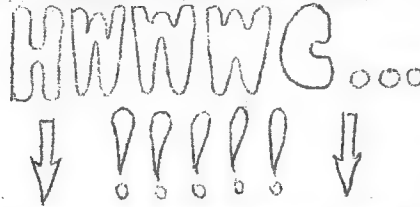

The members of the Math-Science Club held a meeting after school on Tuesday, May 11. At the meeting, they discussed the possibilities of sponsoring a Three Dimensional Tic Tac Toe Tournament.

The competition started last Monday noon with an entrance fee of 10¢. The tournaments are being held every noon hour this week. First prize is \$3.00 and The judges are; Bob Bowser Gary Green, and Carmen Johnson.

The FHA Installation and banquet was held last Monday night, May 17. A pot luck supper started the evening's activities at 6:00 PM, followed by a formal installation ceremony. The new officers for the coming year are Patty Johnson, president; Deb Carlson, vice president; Donna Hubbard, secretary; LuAnn Ball, treasurer; Mary Youngman, Historian-Reporter; and Ann Charnley, Points Chairman-Parliamentarian. Parting gifts were given to the graduating members.

Cont. from pg.1, col. 1 and teachers came and helped the students dance the night away. Everyone looked handsome and beautiful, and that helped to make the Junior-Senior Prom, of 1971 a success.

H.W. Wattsworth Warehouse Co. is where it's at!! Because if we don't have it it just can't be found. So buy the best for less at our every day low prices and save..SAVE...SAVE.....

SHALLBE GROCERIES COMPANY

One of the largest chains of stores in the U.S. Welcomes you to shop in their stores.

Located in California, Michigan, Indiana, New York and Ohio.

You mean you've never heard of "H.W. Wattsworth Warehouse Company" or "Shallbe Groceries Company?" The advertisements say they're one of the largest stores in the U.S. Are you sure you've never heard these names before?

Well, you're right; they exist only in LHS. They are new companies formed for Mrs. Hachman's office practice class. For the first twelve weeks of the semester, the class worked on individual study projects, learning how to operate the adding machines, calculators, mimeograph machine, spirit duplicator and dictaphone. They also spent time reviewing the fundamentals of typing and learning the rules of filing. At the beginning of this six weeks, all students ap-
Cont. next col.

Cont. from col.1
plied for obs in the new companies, were interviewed, and placed in positions.

Monday, May 24, a banquet was held for the students on the Co-op program headed by Mr. Z. The banquet began at 7:30 with only thirty people showing up out of the one hundred and forty expected. Mr. Z. started by giving an invitation and there was also a guest speaker from Tri-County who spoke on their Co-op program. Everyone enjoyed a nice dinner and the banquet ended about 8:30.

GAT

(cont. from pg. 3 col. 3)

The record books for over a dozen years show again that Morley Fraser knows how to get things done. His Briton team have never placed out of the Michigan Intercollegiate Athletic Association's first division, having won more than 80% of their games, and they have built 15, 12, and 10 game winning streaks. In addition, his 1958 team was co-champion of the MIAA, and the 1961, 1964, 1965, and 1966 Briton teams were undisputed champions, with perfect seasons in 1961 and 1964. The latter performance earned Fraser the 1964 state and regional small college "Coach of the Year" award. This was the second such honor, for in 1949, his first year of coaching, he was named "Upper Peninsula Coach of the Year."

If Morley Fraser is a successful man, it is equally a result of his philosophy as of his talents. Fraser feels that there are four roles in life to which he must be dedicated. The first is to be a loving husband; the second is to be a good father to his five children; the third is to be the best teacher and coach that he knows how to be; the fourth is to give of himself in the best way he can to his fellow man. Work in the Boy Scouts of America, for which he is chairman of a district advancement committee, and in Albion's First Methodist Church are two ways in which he fulfills the latter role. In Fraser's eyes, however, the most important avenues for expression of this goal are his speaking engagements. He averages 140 per

con't next col

year, and he never refuses one except in the case of a schedule conflict. His engagements regularly include addresses at service clubs, youth groups, church organizations and congregations of all denominations, educational groups, professional meetings, commencement ceremonies, athletic clinics, and civic events. Through this outlet Morley Fraser seeks to express and fulfill the beliefs which make him the outstanding man he is.

SOPHOMORES

con't from pg 1 col 2
go to the museum.

The ride to the museum was quite lively with so many balloon fights and girls sight seeing (?) out the bus windows.

We arrived at the Grand Rapids Public Museum about 12:30. Here there were many different things to see. Most of us toured the Gas Light Village with much enthusiasm. This is a town of the late 1800's constructed in the museum. There were many other interesting displays ranging from antique furniture to ancient Egyptian mummies.

After running to the bus in the rain, we finally started for home. With more balloon fights, singing, and laughing the ride home seemed shorter than the one down.

We arrived back at school around three o'clock. It was a very interesting and exciting trip for all!

(cont. pg 4. col 3)

Shalbee Groceries Company is under the direction of Vice-President Bob Andresen with Sherryl Behrenwald serving as his Executive

(cont. next col)

(cont. from col 2)

Secretary. Connie Moore acts as Purchasing Agent and orders all supplies. Mary Johnson, Receiving clerk, checks all orders when they are received to make sure HWWWC has not cheated them!! The Personnel Director, Pam Olsen, prepares the payroll and hands out those precious paychecks. The Accountant, Sue Hutson, must keep very accurate records so students will know whether or not the company has made a profit at the end of the 6 weeks.

H.W. Wattsworth Warehouse Co. supplies most of the products for the Shalbee Grocery chain. Vice-President Jeff Smith and his Executive Secretary, Sandra Houghton, prepare items such as the ad you read for their advertising campaign, and an interview procedure for prospective employees. Sales Director, Dorene Jensen, receives all orders for merchandise, processes them, and sends them to Ed Reusser (Shipping Clerk) to be filled and shipped out. Christine Cross is the Personnel Director for HWWWC. In addition to preparing paychecks, she must keep accurate and up-to-date records on all employees. Accountant Jane Kinsey, tries to keep all books in balance.

If you would like to visit these companies during working hours, would like to act as a salesman, or would like to apply for a job, see one of the Executive Secretaries during fourth hour in room 111 to set up an appointment.

June 30, Mr. Damschroder will be retiring from teaching after forty-one years of service. His first teaching job was in the Upper Peninsula at Alpha; his second was at Iron River. Then, he served four years in the United States Navy during World War II. After his release, in 1946, Mr. Damschroder came to Lakeview to continue his career as a teacher. During his time here at Lakeview, he has taught most math courses besides his present courses: physical science, physics, and chemistry.

During the course of his formal education, Mr. Damschroder attended Bethany College in West Virginia; Case University in Cleveland; the University of Michigan, and Western University. He obtained his degree at Bethany.

When asked if he had any advice that he'd like to give to new teachers, he replied, "No, they'll have to learn just as I did, by trial and error." He did say that a new teacher's first and main problem is discipline. He stated that "a teacher can't be a buddy to his students, nor should he be the enemy. There has to be a point in between." He considers a new teacher's second problem to be the techniques of teaching.

Mr. Damschroder plans to spend next winter in California. He will probably return to Lakeview for the summer, but if the living's (cont. next col)

(cont. from col. 1)
cheap enough, "he and his wife may return to California to live permanently.

Mr. Damschroder is not overwhelmingly happy about his up-coming retirement. "I've enjoyed every minute of my years here at Lakeview....I've enjoyed seeing the new faces at the beginning of each year and the old ones too. . . . I wouldn't be surprised if I showed up next year on the first day from force of habit." "I have been in education all my life from the first grade to high school, from high school to college, and from college to teaching. Even my years in the armed services were educational." He doesn't plan to actually quit now. He says, "I hope to continue educating.

After 22 years of teaching, Mrs. Gregg has decided to retire. She has enjoyed her years of teaching very much and when asked how she felt about retiring said: "I'm going to miss the kids, but I'll enjoy the time to read and sew and do the things I enjoy doing. It's the kids who have kept me young."

Mrs. Gregg graduated from Saginaw High and then went on to receive her BA and Masters degree from the University of Michigan. She majored in classical languages-Greek and Latin-and minored in English and French. Her teaching car- (cont. in cl. 3)

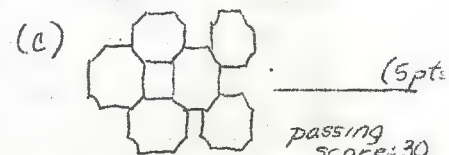

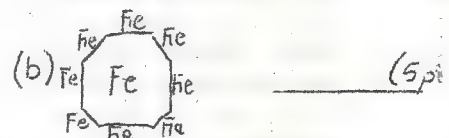

(cont from col 5)

reer began at Standish Michigan where she taught for 7 years. She then moved to Lakeview where she has been a teacher for 15 years. During this time she has taught American History, English, French, and Latin. Of these she considers World History to be her "pet." She says this is because it was a challenge to her for it includes a wide range of knowledge and a variety of students, not just the smarter ones as she often finds to be the case in her language classes.

Mrs. Gregg has done much traveling throughout Europe during her life. It has provided her with a good background for teaching World History and French.

Mrs. Gregg has no set future plans, she's just waiting to see what comes along and hopes to do more traveling. She has this advice for students and new teachers: "If you're going into teaching just for the money or for an easy job, you won't be satisfied; you have to like teaching."

Jannean Warner goes with YOUTH FOR UNDERSTANDING

June 20, 1971, Jannean Warner will be leaving on a very exciting trip. She is joining the many American Students who, every summer, go to some foreign country. The organization: Youth for Understanding. The place: Quezon City, Philippine Islands.

Last fall Jannean got an application in the counselor's office for Youth for Understanding. She chose Switzerland, Italy, and the Philippines as her choices. She had the Philippines as her 3rd choice, but she was sure she wouldn't be accepted there! (Is that FATE or LUCK?)

Jannean said, "I hope to gain a better understanding of different people. I want to learn their ways. I'm not going to be an American this summer. I'm going to be a Filipino!"

Jannean will be getting lots of extra experience that other exchange students won't get because she is going to school in Quezon City. School starts July 1st!

MENTAL HEALTH MONTH

Were you aware that May was Mental Health Month? Two sophomores, Sandy Austin and Sue Rentschler, really brought this fact to our attention when they won first and second prizes in the Montcalm County Mental Health Essay Contest sponsored by the Sidney Mental Health Clinic. Hundreds of entries from Montcalm County schools were received.

Sandy, who was first prize winner, wrote an essay entitled "What Mental Health Means to Me." She focused attention on love and communication in regards to mental health. Sue, who was second prize con't pg. 3 col. 2

An Early Smile
Next Year

The photographer from Powell Studios will be at Lakeview High School on Monday, August 16 through and including Wednesday, August 18 starting at 9:00 a.m. to photograph the Seniors for next year. Individual appointments will be mailed to the Seniors.

A SUMMARY OF THE YEAR'S EVENTS - or -

Why Waste This Space on Stuff We Already Know??

The start of the year was belated, you know,
 Because the water refused to go,
 And our noble journal was also beslowed
 Until a few persons were sure that they'd show.
 The Homecoming passed, and then came the play,
 After which everyone shouted, "Hoo-Ray!"
 Except for some people who were filled with jealousy.

The time sped like flies
 And after uttering sighs,
 The DAR stood up and said, "Let's see!
 We must choose a girl, so why not it be, our very own
 Miss Wetsy!"
 And the "Who's Who"
 Was chosen too:
 A Ball that won't float, and a puller of teeth,
 Whose name is: Oh, should I durst?
 I shall! And it could only be,
 Our very own King Alan the Furst!

What ho! Mock elections were next to come
 (The outcome of which made some people glum).
 With Artie(?) and Ernie(?????) and Betsy and Chauncer
 Who'd thought that these names could really have gone
 fer?

Food Glorious Food!

(When the clock struck 5:00 p.m. on the evening of Tuesday, May 18, thirty-eight French Club members, Mrs. Gregg, and the bus driver, Mrs. Green, boarded a bus for Mount Pleasant. Their destination was the Embers' Restaurant. For their last meeting of the year, the Club decided to treat themselves to a \$5.05 per plate dinner. (They also decided to forget about their diets!)

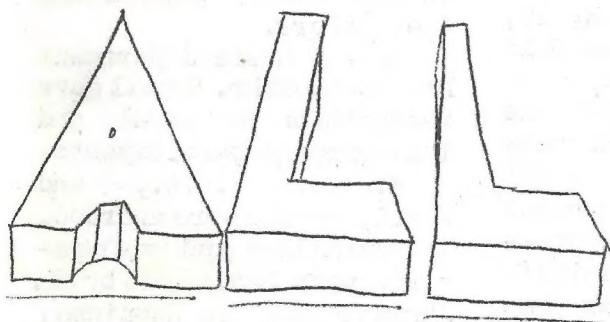

The bus ride to Mount Pleasant was filled with the usual chit-chat, laughter, applause, and cheers when the bus passed the home of a French Club member. (Growling stomachs also added to the noise.)

Upon arriving at the restaurant, we dug out from our brain our very best table manners. We entered the Embers' where we were greeted by our host Mr. Clarence Tuma. Mr. Tuma led our troop to the downstairs portion of the restaurant. The romantic dining room dimly lit with a beautiful Japanese motif. (Of course we did not eat our dinner on the floor!)

Our host showed us to our tables and began serving us what seemed like mountains of wonderful food. The first course was the relishes. Since everyone had starved himself all day for this meal, the relishes were attacked with "relish".

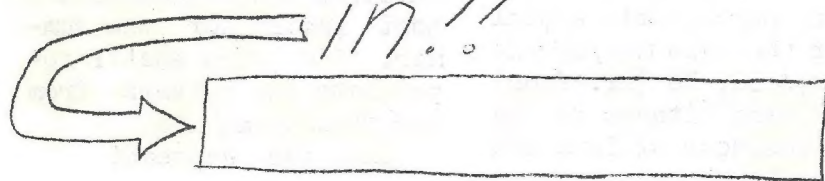

Since when do you read what's in margins?

MR. and
MRS.

FERRIS

Mr. and Mrs. Ferris are among the teachers retiring this year. Mrs. Ferris has taught for 34 years: 24 of these at Lakeview. Mr. Ferris has taught for 37 years and for approximately 27 or 28 years at Lakeview.

Mrs. Ferris attended high school in Benton Harbor for all four years. She obtained her B.S. at Western Michigan Teacher's College.

Mr. Ferris graduated from high school at Mt. Pleasant. He attended Central Michigan University which was then called Central Michigan Teacher's College.

Mrs. Ferris' first teaching job was at Bear Lake where she taught for five years. She then taught at Newago for two years. Here, she met her "hero" and they were married. Mrs. Ferris next taught at Monroe for three years. Then, she came to Lakeview.

Mrs. Ferris was rather reluctant when she was asked what advice she has for new teachers. Finally, she replied, "My only advice is to work hard and to enjoy your work."

Mr. and Mrs. Ferris are planning to relax and enjoy their retirement. They have sold their home here at Lakeview and will move permanently to MacKinaw City. They hope to do some traveling around the United States once they are settled.

F.N.A.

Thursday afternoon, May 27 the Senior girls in F.N.A. were honored at a tea given at the hospital. The girls and their mothers were served cake and punch. Mrs. Black, an R.N. at Kelsey talked to the girls about their goals in life and how important good ethics are if one is going into nursing. Mrs. Grassley, Mrs. Paulen, and Mrs. Custer, along with other members of the hospital staff were present also.

Mental Health

winner, wrote a short story about a little boy growing up and becoming independent. Third place winner was Dawn Scharaswak from Carson City-Crystal. She also wrote an essay. There were five runners-up, all from other area schools.

A special banquet was held Tuesday night, May 18, at Camp Concordia on Half Mile Lake near Gowen. At that time, each of the three essay contest winners was presented with a \$25 savings bond and a special certificate. Each runner-up also received a certificate. Guest speaker was Mrs. Robert Wycoff, from Greenville.

An award to the person "who has made significant contributions to mental health" was given to Mr. Coon at the banquet. Frank Capler, psychiatric social worker who made the presentation, said, "He (Mr. Coon) is a living witness to the whole business of love and respect."

REPORT
CARDS

EGAKI

Report cards will be made available to students next Tuesday, June 15, starting at 1:00. If you are unable to get your report card at this time you may leave a self-addressed stamped envelope in the office and your report card will be mailed to you.

BBA

Tuesday May 19, the FFA elected club officers. Greg Johnson was elected President; Gregg Kraft, Vice President; Jeff Hansen, Secretary; Don Kohl, Treasurer; George Rader, Reporter; and Mike Poulsen, Sentinel.

Honors Assembly
con't from pg 1 col 1

Mrs. Skorka introduced junior varsity and varsity cheerleaders, designating the seniors.

In the music department Mr. Coon and Mr. Powell gave recognition to vocal and instrumental participants.

F.N.A., F.H.A., and F.F.A. awards were awarded.

Journalism and typing awards were handed out by Mr. Zawadzinski, Mr. Namminga, and Mrs. Hackman.

Jannean

con't from pg 1 col 1

Mr. and Mrs. Edmundo Ledesma and their eight children will be Jannean's host family for the summer. I'm sure she'll appreciate any letters from her friends at LHS.

Have fun, Jannean!

BEST of LUCK to '71

Again the close of another school year approaches. A year filled with laughter, and friends. A year that manufactured many memories. Now, for some it is time to say good-bye.

They are a special class, the first class to graduate from our new school. Mostly special; however, because they are our friends.

My words cannot express how much they have done for our school's spirit and good standing. We are proud of this class.

Because you are leaving and because we care, we want to say that you won't be forgotten and the best of luck to the Class of '71!"

MISS MICHIGAN PARADE

This year's Miss Michigan Parade is to be held in Muskegon on Wednesday, June 16. This is one of Michigan's biggest and most important parades. Miss Judy Behrenwald, a former graduate of LHS, will be in this parade as she will be participating in the Miss Michigan Pageant. The Lakeview High School Marching Band has the honor of performing in this parade. Judy, in her days at LHS, was drum majorette.

BAND BANQUET

The Annual band banquet was held Thursday, May 20, in the cafetorium. The pot-luck meal was followed by the presentation of honors. Band letters were awarded to those having completed 2 years in the High School band, pins with a guard of 71 to those who were given to the most outstanding band member in each of the 3 lower classes with the John Philip Sousa award to the most outstanding Senior. Rick

(cont. column 2)

(cont. col 1)

Moblo, Freshman; Don Swem, Sophomore; Donna Jubbard, Junior; and Dan Kinsey, Senior; were this year's recipients of these awards.

Memorial Day

Memorial Day is always a busy day for bands. Monday morning the L.H.S. Band played at the Cato cemetery. Later that morning they were joined by the Junior High Band in a parade through town and a program at the Lakeview cemetery. A lunch was served by the band boosters, followed by programs in Coral and Trufant.

FHA

The FHA Club has been very busy these past few weeks. On May 14 and 15, the girls, along with their advisors, held their annual slumber party at the Wesley Foundation in Mt. Pleasant. Many of the girls went bowling, and some enjoyed a show at the local theater.

(cont. column 3)

(cont. column 2)

The installation for new officers was held the night of May 17. A delicious pot luck supper was served to the girls, their parents and families. After the dinner, the new officers were installed, and they thanked the girls, their parents, and their advisors for all the help and support throughout the year.

Coming up on the agenda after school is out, is the FHA Workshop which will be held at Eastern Michigan University in Ypsilanti from June 16-18. Scheduled to represent our FHA chapter will be Miss Freeland, Deb Carlson, Sue Nelson, and Debbie Alberecht. FHA representatives from all the chapters in the state will meet at that time to exchange and share ideas for the work program for next year.

Last night, the FHA held the final meeting for this year. Cookbooks may still be purchased for \$3.50 each. This year's FHA members extend an invitation to any girl who would like to join next year. How about you?

AND Now
a word from
our
Counselor.....

"I wish to thank everyone for the fine cooperation shown to me this year. I have really enjoyed being your counselor.

Mrs. Stephens

So Long '71

HELLO '72

This is the last issue of the "Wildcat Chronicle" for the 70-71 school year. It has been a good year for some students and perhaps a bad year for others. You have probably seen many changes in yourself and your fellow students.

For the Seniors it was "ah, my last year!" to the Juniors it meant counting the days until "hey, I'm a Senior! To the Sophomores it was "2 down, 2 to go!" and for the Freshman it meant "my first year."

No matter how we feel about this school year we should most of all feel grateful. The teachers put up with us without too many clashes and the janitors have kept the new school very clean, in spite of our natural messy habits.

If this year was a good year for you, then strive to make next year even better. If this year was a bad year for you then remember, only you can make next year a better year. Good Luck to all of you!

POEM Cont. from pg.2

You've seen in this paper the AGERTHAS DAERON
(Which may be something to eat, chew, or lay on)

From things that go boom and threaten to blow,
To the opening of a musical show. . .
From green front pages and ex-Editors with fame,
(Oh, who could forget good-old-what's-her-name!)
To people outside on a nice school day,
(Who were eventually rained out, anyway)
From classes and librarians leaving on trips,
To the donning of notorious pink slips. . .
And for a school year, it's been quite a time. . .
And even more amazingly, I've made this thing rhyme.

G. Ess Hoo

REMEMBER WHEN... ?

The Seniors were Freshman.
Doyle Rill was sane.
We had 3 recesses!
Dave Cross was shy.
Everybody liked Bob Smyth.
Chris Stout had a butch.
Sally Goolsby came to school
on Monday.
Tim Farrell played baseball.
Linda Behrenwald got a 'B.
Dan Comden was princess.

Sue Hutson wore finned
glasses.
Paula Butler came to Paper
Staff.
Louise and Candy were Ma-
mas little angels.
Dave Outman drank water.
Dan Kinsey played trom-
bone.
Gary DeGram used Vitalis.
Paul Fitzner was sober.

Cont. from pg.2

Next the salada and roll were served. Then came the main course of baked potatoes with sour cream and a one pound pork chop (very similar to a pound roast!)

All of this food seemed to separate those people who had cast iron stomachs, decided long ago they could not finish the salad. Our waiters were generous in allowing us a long time to try to eat all the delicious food.

We were just beginning to feel better when dessert was served. After dessert most everyone felt worse than before and decided it was time to go home. We climbed back onto the bus for the quiet ride home. This included joke, funny stories, and songs.

The French Club feels that they have been very lucky to have had such a wonderful advisor as Mrs. Gregg. She has spent so much of her time and energy working for the Club, and most of all she has been able to bear and put up with our antics!

MF

HAPPINESS IS...

???

being a Senior.
looking at your keyboard
and not getting caught.
loving and being loved.
eating at school and keep-
ing it down.
passing a Chemistry test.
eating an orange for the
vitamin C.
making it to Sandusky, Ohio
getting your locker open
on the first try.
having a cheerful student
in class.
HAPPINESS!!!!!!!!!!!!!!!!!!!!
